7. COMMENTS *(Use reverse side if necessary)*

8. PREPARED BY *(Typed or printed name and extension)*

9. APPROVED BY *(Signature or authorizing official)*

1/ If Stock Management Family HEAD is being replaced, use separate blank forms to show relationship and SARC for each Family MEMBER. See instructions in Appendix E-171-P, Volume II, DSAM 4140.2.

2/ Enter numeric "1" to indicate Service/Agency acceptance of non-standard item as completely substitutable.interchangeable with standard item and all other Family Members. Enter "0" to indicate non-acceptance by Service/Agency as completely substitutable/interchangeable.

3/ Originator of substitution determination (normally Directorate of Technical Operations) should list all FSN(S) other than the standard FSN cited in block 1a; for which the FSN cited in block 5 above may be substituted. Generally, this should include all existing related non-standard FSN(S) for which the FSN cited in block 5 may be substituted. FSN(S) listed under block 6 that are substitutable for FSN cited in block 5, will be reflected on separate blank forms with their appropriate SARC.
