Discussions for all price revisions on items not part of the Reverse Auction will be concluded and closed at 8:00 AM, local Philadelphia time on December 3, 2012. Price revisions for all items other than those subject to the Reverse Auction shall be submitted electronically to Craig Gravitz (Craig.Gravitz@dla.mil) and Debbie Holman (Debbie.Holman@dla.mil) prior to 8:00 AM local Philadelphia time on December 3, 2012 via the spreadsheet previously forwarded under, and in accordance with the instructions included in, separate negotiation letter dated November 28, 2012.

The Reverse Auction for this acquisition will be held on Monday, December 03, 2012 from 11:00 AM to 3:00 PM, local Philadelphia time. The revised list of items subject to the Reverse Auction is included in this Amendment. The mandatory item storage/handling fee will also be Reversed Auctioned. This list hereby supersedes any prior, inconsistent, list of items to be Reversed Auctioned. Offerors are reminded that during the Reverse Auction, no upward modifications in price will be permitted. Offerors' Unit Prices (with and without Fuel Surcharge) and one (1) mandatory item handling fee (for the base and option period, with and without Fuel Surcharge), established at the close of the discussions described above, will be the opening prices for the Reverse Auction.

No extensions beyond the 3:00 PM stop time for the reverse auction are anticipated and the Reverse Auction on all lines will open and close simultaneously. In accordance with DLAD Provision 52.215-9023 REVERSE AUCTION, however, "...Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction **must notify** the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control." If this situation is evident, there will be one (1), ten (10) minute extension. If the situation is still evident after the 10 minute extension, there will be additional 10 minute extensions as warranted to resolve the condition.

Offerors are reminded that the Government will not show quantities or aggregate pricing during the Reverse Auction. Each offeror shall see its own price and the overall low price for each line being auctioned. Names of offerors will not be visible to any party participating in the auction except for the government. Offerors will be allowed to decrease their prices in bid decrements of at least $0.01 for each line item. Offerors may decrease in decrements larger than $0.01 so long as that decrease is in a multiple of $0.01. Offerors are reminded that every effort should be made to provide its best price on every line, even if it cannot beat the low offer on that line as every price reduction in the auction may help an offeror reach the position of the aggregate low offeror.

Invitations to the Reverse Auction will be forwarded prior to the start of the event.

Any modification to your proposal received after the specified, and applicable, date and time stated above will be treated as a late proposal in accordance with the late offers clause, FAR 52.212-1(f). Offerors are reminded that, in accordance with DLAD Provision 52.215-9023 "An offeror's final auction

price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the Contracting Officer determines that it would be in the best interest of the Government to re-open the auction."
