## A MESSAGE FROM THE DEPUTY COMMANDER Mr. David Kless

Team Energy,

As we rapidly approach the holiday season and the end of the year, I hope you've had a chance to celebrate as a team all you have accomplished in 2022. What a year indeed!

Here in the local HQC area, we had a terrific holiday party last week. Thank you to the nearly 250 of you who attended! My wife Teresa and I had a delightful time. It was so wonderful to get back together in person, seeing people talk, have fun, laugh, and enjoy each other's company. Brig Gen Canlas and I look forward to 2023 and many more opportunities for the Energy family to get together - both near and far.

As we celebrate Hanukkah, Christmas and other family or religious traditions, I hope that you enjoy time off with the company of family and friends. We have all been operating at a very high OPTEMPO and we need to take some time to recharge. For anyone who may have missed Brig Gen Canlas' email sharing our holiday video message, [you can watch it here](#) (CAC-enabled site).

This year was full of challenges and opportunities, but you have been a source of motivation with your optimistic attitude and creative spirit.

I want to thank you for all your hard work in 2022, and we look forward to welcoming a new year with you!

Happy Holidays to all, Dave

## DLA Energy HQC Holiday Party

HQC area employees had a wonderful holiday party at the Springfield Hilton on Dec. 7. Nearly 250 employees attended!

### HQC/NCR COVID-19 Status: HPCON A

HQC Occupancy limited to <100%, social distancing highly recommended. Conference room normal seating restored.

## FSD Awards and Recognition

Several members of the Facility Sustainment Directorate were recognized and coined for their dedication during the FY22 close-out of DLA Energy's Sustainment, Restoration and Modernization program. These members proved vital to our ability to invest \$867 million dollars in the DOD's fixed fuels infrastructure during FY2022.

## DLA Energy Europe & Africa Energizer of the Month

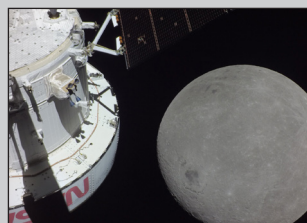

### Mr. Von Dungen

Mr. Von Dungen has been with the DLA Energy E&A transportation branch for over 40 years! He is the sole authorized US Bank Syncada Invoice approver interpreting the SoW for eight Special Service Tenders, covering 5 countries, while working to ensure the accuracy of inputs and legality of invoices/payments. In November, he certified the transportation of over 530,000 gallons of JP8 shipments to our military customers.

## NEWS

### Powering NASA Orion spacecraft

The Orion has returned to Earth after its 25-day, 1.4 million mile journey beyond the Moon. The Aerospace team supplied the spacecraft with the hypergolic propellants needed to make the journey.
