

DLA Aviation offers an  
**Industrial Gas Support Program**  
for Europe

**DLA** Aviation awarded an industrial gas support contract to supply industrial compressed and liquified gases to Military and Federal activities in Europe. The European Industrial Gas Support Program includes:

- Supplying various types and grades of compressed and liquified gases in a variety of cylinder sizes.
- Delivering full cylinders to the customer's site.
- Picking up empty cylinders from the customer's site.

NOTE: This program does NOT include class I Ozone Depleting Substances (ODS) managed by the DoD ODS Reserve Program Office - Continue to use established ODS Program procedures and Points of Contact.

## Definitions

DLA Aviation provides industrial compressed gasses and cylinders in two configurations, each with a unique National Stock Number (NSN), for all product classes, grades, gas purity level, service pressure, Department of Defense (DoD) cylinder specification, capacity and sizes that we carry in our inventory. The two configurations are a full cylinder, and an exchange (full) cylinder. The relationship between the NSNs and their corresponding empty cylinder is illustrated on the attached National Stock Number cross reference table.

A full cylinder consists of a cylinder complete with valve, filled to a standard capacity with a specified product. Once delivered the entire cylinder becomes the property of the customer.

An exchange cylinder means swapping a full cylinder for an empty cylinder at or near the time of delivery. This exchange program is only available for customers located in Europe.

## Benefits

- Easy ordering
- Return/pick-up of empty cylinders & exchange for full cylinders.
- Fast delivery
- Quality products
- Competitive pricing
- Technical support
- Material Safety Data Sheet availability

## Delivery

Minimum buy is one (1) cylinder. Maximum buy is 256 cylinders per order.

Delivery is based on priority. The delivery schedule is as follows:

- IPG I (Priority 01 - 03) -- 9 Days
- IPG II (Priority 04 - 08) -- 15 Days
- IPG III (Priority 09-15) -- 15 Days

## Excess

DLA has in place provisions for excess material returns. Please refer to the DLA's Customer Assistance Handbook for details on the Material Returns Program.

## National Stock Numbers

The following is a list of NSNs and corresponding cylinder sizes offered on this contract.

NOTE: Empty cylinders in the 8120 stock class are not covered under this contract. Requisitions for empty cylinders will be filled from the United States.

## Ordering Information

- Automated systems using MILSTRIP or FEDSTRIP (Standard Form 344)
- Internet using a Government credit card through the DoD E-Mall at:  
<https://dod.emall.dla.mil/acct/>
- For assistance in ordering through the DoD E-Mall call:  
1-877-352-2255 DSN 661-7766
- Call your MILSTRIP/FEDSTRIP order in: 1-877-DLA-CALL, option “Auto Agent”
- Email your MILSTRIP/FEDSTRIP order to DLA’s Customer Interaction Center:  
[DLAContactCenter@dla.mil](mailto:DLAContactCenter@dla.mil)
- To speak with one of DLA’s Customer Interaction Center representatives:  
call 1-877-DLA-CALL
- Additional program information is available on the program's web page at:  
<http://www.dla.mil/Aviation/Offers/Products/Commodities.aspx>
