

*****NOTICE DoD PRODUCT SUBSCRIBER*****

All DOD FLIP enroute charts effective January 10th, 2013 may contain lower limit discrepancies on bidirectional ATS routes - correct information can be obtained from current DAFIF. The National Geospatial-Intelligence Agency (NGA) will be issuing 68 replacement charts effective February 7th, 2013 for the following regions; Pacific, Australasia and Antarctica (PAA)(22 charts), Central and South America (CSA)(20 low charts), and Eastern Europe and Asia (EEA)(26 charts). As of this date, all NGA enroute charts will contain the correct vertical limit information. Replacement charts will be delivered automatically to DLA subscribers and they will also be available in softcopy via the FLIP DVD (NSN 7644015335389; NRN PLANXCDDVDFLIP) or they can be downloaded from the NGA NIPRNET website (<https://www.geointel.nga.mil/>).

If you have any questions or concerns about these replacement charts please contact the Aeronautical Help Desk at 1-877-817-9134
