Who We Are:

DLA Aviation is the aviation demand and supply manager for Defense Logistics Agency with more than 3,500 civilian and military personnel in 18 locations across the United States.

DLA Aviation supports more than 1,340 weapon systems, with focused support to 130 major weapon systems and is the U.S. military's integrated material manager for more than 1.2 million national stock number items, industrial retail supply and depot-level repairable acquisitions. Using a comprehensive demand planning process, our priorities align with those of our military customers.

Mission:

Provide effective and efficient global airpower solutions to Warfighters and our other valued customers

Vision:

Delivering the right solution on time, every time

Values:

Our values provide the foundation for all the actions we take and the decisions we make in support of our customers, stakeholders, workforce, and partners:

- Integrity
- Resiliency and Diversity
- Innovation
- Accountability
- Excellence

What We Do

- Weapon Systems Support — engine components; bearings; airframes; electrical cable assemblies
- Industrial Support — maintain retail supply and storage in direct support of aircraft maintenance depot production lines
- Procurement Agent — strategic acquisition of consumable and depot-level repairable materiel
- Industrial Plant Equipment — full range of maintenance services to include repair, rebuilding and acquisition of all types of industrial machinery, including lathes and milling machines
- Maps — maps, charts, publications and digital geospatial products for all DoD activities
- Kitting — flexible kit designs, service and support, oriented to maintenance users, by end-item for specific tasks
- Environmental — green products; re-refined motor oil; environmental products catalog and information Web page; ozone-friendly chemicals; remanufactured toner cartridges; recycled antifreeze

Our Performance
