

Jennifer

"The Operation Warfighter Program has helped me attain an internship with the Defense Logistics Agency (DLA). I have enjoyed my time working for DLA and hope to remain here in the future as the benefits and friendships that I have created over just this short amount of time have really made coming to work here so enjoyable. "

Angel

"On March 20, 2012 I was welcomed into DLA in Richmond, VA. My time so far at DLA has been enjoyable and stimulating; being placed on a team that is dedicated to its mission of supporting the warfighter. The experience has given me the opportunity to apply practical scenarios as well as develop an understanding of the variety of work expected of me. It has also given me a chance to interact with other government agencies which is making the transition a valuable experience.

The friendly, welcoming atmosphere provided by co-workers has allowed me to adjust to the teams work culture and provided me with the support to contribute to the teams output. I am constantly surprised by the willingness of senior team members to sit down with me and discuss their work, as well as my own, in order to enhance my experience.

Thanks DLA Aviation!"

Steven

"The Operation Warfighter Internship with DLA has without a doubt been a memorable work experience. It has kept me thoroughly engaged with the organization that is DLA on all aspects of how it helps support the mission of the Warfighter. I have learned valuable Knowledge and technical skills that will carry with me throughout my entire career. It has truly been an honor and a blessing at the same time. "
