RTD Web

Please note, depending on what agency you are registered under will determine what you are authorized to screen (view) and requisition (order) on RTD Web. As an example, most DOD customers will have fewer restrictions than other customers. It is equally important to insure your using the correct DoDAAC(s) for the requisition(s) you are placing on RTD Web. If you do not have a Account Supply Officer (ASO) listed for your DoDAAC to select during check out, insure they are aware of your request(s) and encourage them to get registered as a ASO for your DoDAAC ASAP. To request a change of your DoDAAC Address, contact the appropriate [Service Point of Contact](#). *Note: This link is valid only for .mil and .gov domains.

DLA RTD Web Guide

This Guide is Intended for External Customer (Non DLA Employee) Use

This guide picks up after the user has gained access to the DLA Business Portal via AMPS and has been approved for the RTD Customer (DDS 413) role. If you have not set up your AMP's account yet, please start by clicking [Here](#) and then locate and click on the Step by Step Guide to Getting Access link

Note* Be sure to select the correct role in AMPS so your request is not rejected!

U. S. Government (USG) Information System (IS) - Use and Consent

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only.

By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- At any time, the USG may inspect and seize data stored on this IS.
- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose.
- This IS includes security measures (e.g., authentication and access controls) to protect USG interests--not for your personal benefit or privacy.
- Notwithstanding the above, using this IS does not constitute consent to PM, LE, or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communication and work product are private and confidential. See User Agreement for details.

You are now at the first page of the DLA Business Portal. Read the Use and Consent information and then click "I Accept".

DLA RTD Web Guide

There are a few ways a user can get to DLA RTD Web. The first is by going to the main page of DLA Disposition Services located here:

<http://www.dla.mil/DispositionServices.aspx>

Or

The DLA Landing page located here:

<https://business.dla.mil/landing/index.jsp>

Or

Directly to the business portal by going here:

<https://businessportal.dla.mil/consent/consent.jsp>

This guide will start by using the first option but will still end up covering all three.

DLA Disposition Services offers a wide variety of serviceable property for transfer to other DOD agencies. Property re-utilized through Disposition Services is at "no cost" to the receiving DOD activity in most cases. In many cases we will pay the transportation to ship to you.

All customers are required to create an AMPS account to request user accounts and passwords for certain DLA systems. For DLA Disposition Services if you want to search/requisition our excess inventory you will need to request access.

(Enter Zip Code and Miles to search from the Zip location.)

Next you can have the system search by DLA Site Location(s), Miles from a DoDAAC or Zip Code. At the bottom of the page is another set of Search and Clear Search Criteria buttons. Please note that unless your sure you want to reduce the systems search options it's recommended to leave them default (all options checked) to provide you with the maximum available inventory.

Influenced Your Decision

*What helped influence your decision to order from us?

- Want List Results Email
- Property Search on Web
- Customer Notification Email
- Visual Inspection at Site
- Rotating Photo on Web
- Other

If Other, explain:

- Walk-in Requisition (Customer is on site and wants to remove items the same day) 
- Customer Pick-up 

Moving down the page are the final steps to ordering this item. Select what influenced your decision from the list. If you are on the DLA site and conducting a “walk-in Requisition” than check this box. If you are picking the item up because you are required to or you are not wanting DLA to ship it to you than click “Customer Pick-up”. *If a screener selects the walk-in option the system will automatically select the customer pick up box. Lastly, click on Submit Requisition to complete your order request or Return to go back.

After clicking on Submit Requisition you will be sent to this page. If you selected a ASO from the previous page you will see a message at the top letting you know they have been notified of your request for this item. It is your responsibility to insure your ASO/PBO is aware and approves of your request(s) on RTD Web. It is also important for your ASO to respond to your request quickly as DLA will not “hold” the item(s) and will be available for other screeners to requisition until your ASO approves your request. From here just click on Return

How to Build a Want List

If you are in need of a item that isn't currently in our inventory or need more than we have at the time of your search you can create a Want List for it. To get started just preform a search for the item using the normal search function. First preform a standard search for property

The screenshot shows the 'Disposition Services' website. At the top, there are navigation links: Home | About Us | Public Affairs | Publications | FAQs | FOIA. Below this is the 'Reutilization / Transfer / Donation (RTD)' section with a 'RTD Main' sub-header. A 'Show reminder' checkbox is visible. On the left sidebar, there are links for 'RTD Home', 'DOD', 'DOD Search', 'DOD Shopping Cart', and 'Edit Profile'. A red arrow points to the 'DOD Search' link. The main content area contains several informational sections: 'Property in GSA screening cycle', 'CFL Schools', 'Letter of Authorization', and 'Target Range EOD SOF Schools'. To the right of these sections is a photograph of a large military truck. At the bottom of the page, there is a 'Requisition Status' table with columns for Requisition Number, Requisition Date, DTID, Item Name, Quantity, Current Action, and Last Updated.

How to Build a Want List

When you get your search results, look in the Search Criteria box and next to the text **Want List** you will see Schedule and click on it.

Condition Codes (Full Definition)

A - Serviceable - Issuable without Qualification

New, used, repaired, or reconditioned material which is serviceable and issuable to all customers without limitation or restrictions. Includes material with more than 6 months shelf life remaining.

B - Serviceable - Issuable with Qualification

New, used, repaired, or reconditioned material which is serviceable and issuable for its intended purpose but which is restricted from issue to specific units, activities, or geographical areas by reason of its limited usefulness or short service life expectancy. Includes material with 3 through 6 months shelf life.

C - Serviceable - Priority Issue

Items which are serviceable and issuable to selected customers, but which must be issued before Condition A and B material to avoid loss as a usable asset. Includes material with less than 3 months shelf life remaining.

D - Serviceable - Test/Modification

Serviceable material which requires test, alteration, modification, conversion or disassembly. This does not include items which must be inspected or tested immediately prior to issue.

E - Unserviceable - Limited Restoration

Material which involves only limited expense or effort to restore to serviceable condition and which is accomplished in the storage activity where the stock is located.

F - Unserviceable - Repairable

Economically repairable material which requires repair, overhaul, or reconditioning. Includes repairable items which are radioactivity contaminated.

G - Unserviceable - Incomplete

Material requiring additional parts or components to complete the end item prior to issue.

H - Unserviceable - Condemned

Material which has been determined to be unserviceable and does not meet repair criteria; includes condemned items which are radioactivity contaminated, Type I self life material that has passed the expiration date, and Type II shelf life material that has passed the expiration date and cannot be extended.
