

Interactive DLA Map Catalog available on DOD EMALL

An on-line version of the DLA Map Catalog Unclassified Catalog of Maps, Charts and Related Products is now available within DOD EMALL.

The interactive map ordering system provides a means for users to find, select and add geospatial products to a DOD EMALL shopping cart for order submission. Users with an active DOD EMALL account will be able to access the on-line DLA Map Catalog and have access to the most current product information. The link to the Interactive DLA Map Catalog is located underneath the "Tools" tab on the

DOD EMALL Home page. DLA Map Catalog users that require access to DOD EMALL can go to <https://dod.emall.dla.mil/acct/> and register by clicking on "Login/Register" link located on the upper right corner of the page.

DLA Map Catalog customers will still need an active map account with DLA Aviation, Mapping Customer Operations (MCO), in order to receive map products in a timely manner. To establish a map account, register in the Account Management and Provisioning System (AMPS) at <https://amps.dla.mil> and request a map account role. Customers requiring assistance in

creating a map account can visit the MCO website at <http://www.aviation.dla.mil/rmf/> to access the AMPS Quick Reference Guide or contact the MCO at 800-826-0342 or DSN 695-6500 directly.

DLA MAP CATALOG

Is it a Non-U.S. or U.S. National Stock Number (NSN)?

Receiving questions about Non-U.S. NSNs? The U.S. National Codification Bureau can help you navigate the waters.

The Federal Catalog System contains over 112K non-U.S. NSNs from 25 NATO Countries. The United Kingdom tops the list with nearly 40K, Germany at nearly 24K and Canada with over 16K. The 5th and 6th digits of the 13 digit NSN contains a North Atlantic Treaty Organization (NATO) Code. U.S. NSNs are coded with "00" and "01".

Have questions regarding Non-U.S. NSN(s)? Or Major Organiza-
