Energy Product Pricing Information

[What is a Standard Price?](#) – Applies to DOD, Coast Guard, and foreign governments

[What is a Moving Average Price?](#) – Applies to Federal agencies and other authorized customers obtaining fuel at a military service-operated facility. Cost recovery rate is additional. *[Scroll to the bottom of the linked page for more information and a link to the daily moving average prices.](#)*

What is a Cost Price? – Applies to Federal agencies and other authorized customers obtaining fuel from a Posts, Camps, and Stations contracted supplier. This is the delivery cost billed to DLA Energy by the Posts, Camps, and Stations contracted supplier. It includes the supplier’s cost of product, transportation, overhead, profit, and appropriate taxes. DLA Energy bills Federal agencies and other authorized customers this delivered cost plus a cost recovery rate.
