19. PROBLEM DESCRIPTION / DISCUSSION / EFFECT

Amphenol Aerospace is currently delinquent on MIL-DTL-27599 group C retention testing. Retention testing is complete for the subject time frame (1201-1352) and submitted to DLA for approval. No testing failures occurred.

20. ACTION TAKEN/PLANNED

DLA imposed a stop production and stop shipment on AAO relative to the subject MIL-Spec product for delinquent retention testing. In addition, DLA requested that AAO disclose an analysis of failures observed during current testing period. Upon resolution of open actions with DLA and the lifting of their imposed stop shipment/production order, AAO plans to resume production and shipment of the subject connectors.
