

DLA L&M, in an effort to make sure all affected parties have access to this information, requested and obtained Amphenol Aerospace's permission on 09 May to post the following on our public website. Since this data was excerpted from GIDEP document NX4-P-09, we also requested and obtained the GIDEP Program Manager's permission to take this special and urgent action in accordance with GIDEP Distribution Policy.

19. PROBLEM DESCRIPTION / DISCUSSION / EFFECT
 Amphenol Aerospace (AAO) is currently delinquent on MIL-DTL-26482 group C retention test data submission. Submission of series 2 retention test data was only held for completion of series 1 testing. Series 2 retention testing for the subject retention test period is complete with no failures.

20. ACTION TAKEN/PLANNED
 DLA imposed a stop production and stop shipment on AAO relative to the subject MIL-Spec product for delinquent retention testing. AAO will submit series 2 test data separate from series 1 for this retention test period. Upon resolution of open actions with DLA and the lifting of their imposed stop shipment/production order, AAO plans to resume production and shipment of the subject connectors.
