IEC Technical Committee (TC-107)

**Current Pb-free Document
Status**

Status of Standards, Handbooks and Technical Specifications

SAE Standards & Handbooks

- **GEIA-STD-0005-1-A** - An exploratory committee has been formed to consider a revision to this document to make a **LFCP** easier to write and compliance easier to verify
- **GEIA-STD-0005-2-A** - If a decision is made to revise the dash 1 then this standard will also be revised.
- **GEIA-HB-0005-1** - This standard is currently in revision to expand the scope to include **Supplier and Quality Management** in addition to **Program Managements and System Engineers**

Status of Standards, Handbooks and Technical Specifications

IEC Technical Specifications

- The IEC/TS 62647-1, 62647-2, 62647-21, 62647-22 & 62647-23 have all been released
- The IEC/TS 62647-3 Will go into ballot in November with plans to have it released by March 2014
