

MIL-STD-129 Checklist for Identification & Bar code marking on Unit packs and Intermediate containers.

Order of Markings	
*****Check blocks to confirm order*****	
<input type="checkbox"/>	1. NSN/NATO stock number. If no NSN is assigned, then this line may be omitted
<input type="checkbox"/>	2. CAGE code
<input type="checkbox"/>	3. Part Number. The letters "PN" or "P/N" shall be used to identify this information. If the item has no PN assigned to it or if no PN is cited, then nothing is shown
<input type="checkbox"/>	4. Item description or nomenclature. The exact name and description of an item as it appears in the contract, purchase order or requisition shall be shown
<input type="checkbox"/>	5. Quantity and UI. A non-definitive UI shall be accompanied by a quantitative expression such as "1 RO (100 FT)"
<input type="checkbox"/>	6. Contract number or purchase order number (Procurement Instrument Identification Number (PIIN)) including four-digit delivery order or call number, modification for change order number. The in-the-clear contract number will include the dashes as shown in the contract, i.e., DAAB07-96-C-1234
<input type="checkbox"/>	7. Military preservation method and date of unit preservation (e.g., "M41-4/02" - method 41, in April 2002). If a military preservation method doesn't apply, the method space will be left blank. If a preservation date doesn't apply, the pack date will be shown
<input type="checkbox"/>	8. Shelf-life markings, (if applicable – see 5.2.1)
<input type="checkbox"/>	9. Serial number(s). When an item is assigned a serial number, that number shall be applied and preceded by the abbreviation "SER NO"
<input type="checkbox"/>	10. Bar code markings – NSN & CAGE, if required 2D (PDF 417) & serial no. (see MIL-STD-129, paragraph 4.4 & Figure 18).
