

[DLA Tire and Accessories E-Catalog](#)

[ASSIST-Quick Search | Go to Web site](#)

ASSIST-Quick Search provides direct access to Defense and Federal specifications and standards available in the official DoD repository, the ASSIST database.

[DLA Packaging Team | Go to Web site](#)

The DLA Packaging Team is committed to streamlining processes, reducing administrative costs, and assisting contractors on the road to success by providing the most economical and optimum performance packaging designs to our customers to support DoD missions.

[DoD EMALL | Go to Web site](#)

The DoD EMALL is the single entry point for the military and federal customer to shop for and buy off the shelf finished goods and services from government sources and the commercial marketplace, with emphasis on small business.

[LOGSA | Go to Web site](#)

The U.S. Army Materiel Command Logistics Support Activity (LOGSA) provides Logistics Intelligence, life-cycle support and technical advice and assistance to the current and future force; integrate force, readiness, authorization, and asset logistics information for world-wide equipment readiness.

[LogTool® | Go to Web site](#)

The LogTool® provides links to numerous automated logistics tools and is used by DoD personnel as an "Operational Logistics Portal" supporting logisticians worldwide.

[PS Magazine | Go to Web site](#)

PS Magazine's mission is to promote and enhance unit equipment readiness by publishing PS (The Preventive Maintenance Monthly), maintaining the PS Reader Service Program customers, and maintaining a web site of back-issues -- information from 1990 to the present.

[Tire Tech Manual \(LOGSA Website\) | Go to Web site](#)

The Tire Technical Manual acts as an operator's, unit, direct support, and general support maintenance manual for care, maintenance, repair, and inspection of pneumatic tires and inner tubes.

[Tire Tips | Print to PDF](#)

Tire Tips - Excerpted from the Defense Logistics Agency Tire Catalog, Revised June 2010

[WebFLIS | Go to Web site](#)

The Federal Logistics Information System Web Search (WebFLIS) provides essential information about supply items including the National Stock Number, the item name, manufacturers and suppliers

(including part numbers), through a web interface connected to FLIS data.
