| Retired (with full reliance on SOC.QP.EMP.HG.0002) | The two training programs that were provided most recently for review by NDEP were SOC.QP.EMP.HG.0002 and 2015-MMTS-19. The decision was made by Mercury Storage and Transfer Program management to consolidate training under one plan. The SOC training plan (SOC.QP.EMP.HG.0002) was modified to include all mercury-associated functions performed at the Hawthorne Army Depot (HWAD) by DLA Strategic Materials operations personnel. The 2015-MMTS-19 training document served its purpose in achieving readiness for operations and is hereby retired as a functioning, auditable training plan. The Mercury Storage and Transfer Program training plan is documented in SOC.QP.EMP.HG.0002. | Burton Packard and Renee Rodriguez |
