Mr. Matthew DeBurle  
Nevada Division of Environmental Protection  
Chemical Accident Prevention Program  
901 S. Stewart St. Suite 4001  
Carson City, NV 89701

Dear Mr. Deburle:

The Pre-Startup Safety Review (PSSR) of the Mobile Mercury Transfer System (MMTS) is scheduled for October 22-23, 2014. This information is being provided well in advance to afford you the opportunity to review the PSSR.

As you requested in your letter to LTC Gibbons dated August 21, 2014, signed CAPP documentation for the Mercury Storage and Transfer Program is enclosed for your review and assessment. The signed CAPP documents are SOC QP.EMS.HG0001-7 and QP.EMS.HG0009-11. The Emergency Response Program QP.EMS.HG0012 is not included; the MMTS is added to the document, but no changes are being made to the Emergency Response Program, QP.EMS.HG0012.

Signed operating procedures for the MMTS are enclosed, also for your review and assessment. These signed operating procedures are 2014-MMTS-1 - 27 and 2014-MMTS-Executive Summary.

Signed SOC MMTS-related operating procedures will be sent to you by October 15, 2014.

Should you have any questions please contact Jason Boynton at (732)921-2197 or by email at [Jason.boynton@dla.mil](mailto:Jason.boynton@dla.mil) or you may contact Chuck King at (775)945-7317, email [Charles.r.king104.civ@mail.mil](mailto:Charles.r.king104.civ@mail.mil)

Sincerely,

Kirk L. Bausman  
Deputy to the Commander
