

Hall of Fame Inductees

FRANCIS S. CICCARONE

Mr. Francis S. Ciccarone was inducted into the DSCP Hall of Fame on the thirty-first day of October 2007 for his continuous outstanding mission support to DSCP from 1974 through 2003. During this tenure Mr. Ciccarone served commendably in a variety of technical and professional disciplines, demonstrating his leadership talents, every time. His contributions to engineering and standardization continue to impact the Government-Industry community. During his illustrious career as the Director, Deputy Director or Chief of Technical Operations, Quality Assurance, Supply Operations, Customer Services, Logistics Support, and Engineering and Technical Support, Mr. Ciccarone has excelled as a leader of both programs and people. Mr. Ciccarone's competence, his professional demeanor, his numerous valuable contributions to the DSCP mission and his dedication to exemplary performance in all the important positions he faithfully served throughout his Federal career set him aside as a truly distinguished civil servant. In recognition of these notable career achievements, it is an honor to induct Mr. Ciccarone into the Defense Supply Center Philadelphia's Hall of Fame.
