

Hall of Fame Inductees

JOSEPH GIDJUNIS

Is inducted into the Defense Industrial Supply Center Hall of Fame this twelfth day of December 1997 for his extraordinary leadership and support as Chief of the Quality Office and for his continuous outstanding mission support throughout his tenure at DISC from 1975 to 1991. Mr. Gidjunis, the first Quality Office Chief, had exceptional foresight, creativity and leadership as the primary focal point in developing and implementing DISC's Total Quality Management Program. He literally built the program from scratch, starting with only four pilot Quality Circles. Under his tutelage, the DISC Total Quality Office became a prototype for DLA. A true innovator in the field of process and quality improvement, he never lost sight of the vision of changing the culture of DISC.
