

The logo consists of a dark blue rectangular box with a thin black border. Inside the box, the words "Hall of Fame Inductees" are written in a white, sans-serif font, centered horizontally and vertically.

NEGOD TOVII ZINN

Is posthumously inducted into the Defense Supply Center Philadelphia Hall of Fame this second day of June 1998 for his extraordinary leadership and support as a Quality Assurance Representative in the Directorate of Subsistence and for his continuous outstanding mission support throughout his tenure at DSCP from 1949 to 1995. Mr. Zinn's vast experience in quality assurance provided a steady resource for other quality assurance personnel and veterinary inspectors. He instituted a system of tracking payments for post-acceptance and re-inspection services performed by the Departments of Agriculture and Commerce. This system provided quick recognition of duplicate billing and prevented double payments. Mr. Zinn's kind and compassionate nature did not stop at the workplace. His dedication to his community was evident by his donation of 80% of his salary to his church.
