PETER ALLEN

Is being inducted into the Defense Industrial Supply Center Hall of Fame this twentieth day of January 1999 for his extraordinary leadership and support as the Deputy Director of the Product Services Integrated Process Unit and for his continuous outstanding mission support throughout his tenure at DISC from 1975 to 1993.

Mr. Allen was instrumental in the development of the Federal Cataloging System Training Program, a multi-level program consisting of 44 separate modules designed to provide broad-spectrum coverage of cataloging policies, principles and theory. He played a vital role in the modernization of the Standard Automated Material Management System (SAMMS). A member of the Concept Development Group for SAMMS modernization, he was also responsible for management concept, data base and management requirement development for Technical, Engineering and Cataloging.
