

Hall of Fame Inductees

PETER O'NEILL

Is inducted into the Defense Industrial Supply Center Hall of Fame this twentieth day of January 1999 for his extraordinary leadership and support as the Industrial Management and Support Division Chief in the Material and Acquisition Management Integrated Process Unit and for his continuous outstanding mission support throughout his tenure at DISC from 1969 to 1996. Mr. O'Neill was responsible for the development, design and administration of such programs as the Blue Chip Vendor Program and the Automated Best Value Model. He was a driving force in establishing state of the art automation tools to reduce costs while maintaining the integrity in the operations of these programs. He worked in the Industrial Base Community from the Vietnam War to Operation Joint Endeavor, ensuring our fighting forces had the tools of the trade to do their job effectively.
