

The logo consists of a dark blue rectangular box with a thin black border. Inside the box, the words "Hall of Fame Inductees" are written in a white, sans-serif font, centered horizontally and vertically.

RICHARD HOFFMAN

Is inducted into the Defense Industrial Supply Center Hall of Fame this twentieth day of January 1999 for his extraordinary leadership and support as a Management Analysis Officer in the Office of Systems Automation and for his continuous outstanding mission support throughout his tenure at DISC from 1962 to 1994.

Mr. Hoffman personally championed three significant contracting initiatives that forever changed the way we do business. Those initiatives, were the SAMMS Automated Small Purchase System, Version I (SASPS I); the SAMMS Automated Small Purchase System, Version II (SASPS II); and the DLA Pre-Award Contracting System (DPACS). Each one of these systems dramatically improved the efficiency of the contracting process. Unprecedented productivity was gained and lead time improvements were reduced from months to days as a result of these initiatives.
