

The logo consists of a dark blue rectangular box with a thin black border. Inside the box, the words "Hall of Fame Inductees" are written in a white, sans-serif font, centered horizontally and vertically.

ROLAND MCDONALD

Is inducted into the Defense Supply Center Philadelphia Hall of Fame this second day of June 1998 for his extraordinary leadership and support as the Equal Employment Opportunity Manager of the EEO Office and for his continuous outstanding mission support throughout his tenure at DSCP from 1966 to 1987.

Mr. McDonald assumed responsibility for a fledgling Equal Employment Opportunity program and transformed it into an efficient program that continues to provide an invaluable service to both management and the workforce. He developed EEO complaint processing procedures that familiarized all employees with the process and provided training to DSCP's 24 field activities. He also developed a computer program to generate relevant EEO data. It was so well received that it was implemented by all DLA primary field level activities.
