WILLIAM HOBAN

Is inducted into the Defense Supply Center Philadelphia Hall of Fame this sixteenth day of November 1999 for his continuous outstanding mission support from 1961 through 1997. In a career spanning more than 35 years, Mr. William E. Hoban made outstanding contributions to the Defense Supply Center Philadelphia as a supply management expert, a leader and an innovator. The systems applications he conceived and designed remain an irreplaceable aid to the efforts of Clothing and Textiles personnel on behalf of their customers; his leadership in times of crisis and times of change provided a steadying influence that kept the focus on the customer and on the future; and the innovations implemented under him set the pace for his organization. Most importantly, however, Mr. Hoban will be remembered for his deep and abiding concern for the people who worked for him and with him.
