**BACK-UP CONTRACTORS**

The awardee(s) for each zone will become a potential backup supplier for other zones should a vendor in an adjacent or nearby zone be unable to support one, some, or all of the customers in that assigned zone. The Offeror's agreement to perform as a potential backup vendor is required; however, if this rare situation does arise, a contractor's assignment to act as a backup to any or all customers in another zone would be negotiated through a bilateral agreement/modification to the contract. A Back-Up Contractor will be required to perform only those duties as outlined in this Statement of Work. As part of this agreement, the distribution prices for the backup vendor to support the customers of another zone would be negotiated at that time. These measures would be taken to preclude the need to re-solicit for support to the affected customers, as well as to maintain the required service to these customers.

All other terms and conditions remain unchanged.
