### STORES (Subsistence Total Order and Receipt Electronic System)

The automated STORES (Subsistence Total Order and Receipt Electronic System) will be used to the maximum extent practical on the resultant contracts from this solicitation. Orders will be sent via a computer-generated fax (STORES purchase order). In order to facilitate the receipt and payment process, there is specific information contained on the STORES purchase order that MUST be mirrored on the vendor's invoice. The information may have to be hand written on the invoice. Please ensure the information is correct and legible. Invoices for those customers placing orders under STORES must be submitted for payment to the following address:

DFAS BVDP (SL4701)  
P.O. Box 369031  
Columbus, Ohio 43236-9031

### Electronic Invoicing by Suppliers via Electronic Commerce/Electronic Data Interchange:

All suppliers are required to process invoices electronically. **This is a condition for contract award.** An electronic invoicing system expedites payments by providing a real time system for invoice processing. In an effort to ensure that your firm is paid promptly for products that you supply, we want to utilize the best business practices available. The business practices of today reflect increased utilization of Electronic Commerce/Electronic Data Interchange providing more timely and cost effective ways of information exchange. DLA Troop Support, Subsistence is migrating towards more and more use of the electronic mediums available to conduct business with you as our business partners. The Defense Logistics Agency has undergone an Enterprise Business Systems (EBS) initiative. This EBS initiative will change the way you currently invoice. EBS conforms to a strict adherence of detailed line item payment in concert with the order. The manual paperwork will no longer be a viable way to invoice. Invoices need to be submitted for payment promptly after delivery. Our intention is to provide you a quick and easy way to submit your invoices for payment and to help ensure prompt and accurate payments. Efforts have been underway for some time to bring a resolution for you to be able to accomplish Electronic Data Interchange with the invoices. Alternatives available are:

1. If your company is able to exchange information electronically through ANSI X12 format, we could set your company up as an EDI vendor immediately, being able to receive orders and send invoices electronically.
2. There are companies available who for a fee will turn your flat files into EDI Invoices (810 transactions).
3. The STORES/BSM Reconciliation (Recon) Tool web application is used to submit your invoices electronically. This system can be found on the DLA TROOP SUPPORT web page for Subsistence, [https://www.stores.dla.mil/stores\\_web/default.aspx](https://www.stores.dla.mil/stores_web/default.aspx). You will be issued a User ID and Password, after properly registering for this site. This application will allow you to see on the website receipts by the customers, for your contracts only. You can review the receipt and, if in agreement you will simply type in an invoice number to submit your invoice to DFAS. This receipt information is available at this website for 8 weeks. The user will have the ability to add lines or change existing lines to reflect what was delivered. The changes will be e-mailed to your DLA Troop Support Account Manager, who will work at resolving the differences; however, the customer must make the corrections electronically. Vendors are encouraged to wait until the receipt is adjusted to submit their invoices. The system will be updated daily from the receipt files. Invoices submitted using this website will generate an EDI invoice to flow through the paying process at DFAS. If you need additional information on electronic or alternate electronic invoice processing contact your DLA TROOP SUPPORT Account Manager or Buyer or use the Recon Training Tool.

**One of the above methods must be used as paper invoices are no longer a viable option.**

A sample STORES order is illustrated for informational purposes only. The information indicated in the five elements below is required to be identified on the vendor's invoice in order for the vendor to be promptly paid by DFAS. These elements are on the system generated STORES purchase order, and the information needs to be transferred to the invoice.

1. Contract Number - i.e. SPM300-09-D-V500 (on attached sample). This number will remain constant throughout the life of the contract.

Its full text may be accessed electronically at <https://www.acquisition.gov/far/index.html>. ### Addendum to FAR 52.212-4

#### **Contract Terms and Conditions – Commercial Items**

The following paragraph(s) of 52.212-4 are amended as indicated below:

**1. Paragraph (a), Inspection/Acceptance, is revised to add the following:**

“Inspection and acceptance of products will be performed at destination. The authorized receiving official for each customer is responsible for signing for and accepting products when they are delivered. The final disposition decision rests with the food service officer and/or the authorized receiving official.

**2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:**

(c) Changes.

- (1) In addition to bilateral modifications, the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.
- (2) The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:
  - (i) Method of shipment or packing;
  - (ii) Place, manner, or time of delivery.
- (3) If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.
- (4) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.
- (5) Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.

**3. Paragraph (m), Termination for Cause.**

Delete paragraph (m) in its entirety and substitute the following:

(m) *Termination for Cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1,350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated

supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

**4. Paragraph (r) Compliance with laws unique to Government contracts is revised to include the following:**

### **DLAD 52.212-9000 Changes – Military Readiness (Nov 2011)**

The commercial changes clause at Federal Acquisition Regulation (FAR) 52.212-4(c) is applicable to this contract in lieu of the changes clause at FAR 52.243-1. However, in the event of a Contingency Operation or a Humanitarian or Peace Keeping Operation, as defined below, the contracting officer may, by written order, change

- 1) The method of shipment or packing, and
- 2) The place of delivery. If any such change causes an increase in the cost of, or the time required for performance, the contracting officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract. The contractor must assert its right to an adjustment within 30 days from the date of receipt of the modification.

“Contingency operation” means a military operation that is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or results in the call or order to, or retention on, active duty of members of the uniformed services under 10 United States Code (U.S.C.) 688, 12301(a), 12302, 12304, 12305, or 12406, chapter 15 of U.S.C., or any other provision of law during a war or during a national emergency declared by the President or Congress (10 U.S.C. 101(a)(13)).

“Humanitarian or peacekeeping operation” means a military operation in support of the provision of humanitarian or foreign disaster assistance or in support of peacekeeping operation under Chapter VI or VII of the Charter of the United Nations. The term does not include routine training, force rotation, or stationing. (10 U.S.C. 2302 (8) and 41 U.S.C. 259(d)(2)(B)).

**Addendum -** *The following additional clauses are set forth in full text:*

**DLAD 52.216-9032 Economic Price Adjustment (EPA) - Established Market Price – Milk (Feb 2009)**

(a) To the extent that contingent cost increases are provided for by this clause, the Contractor warrants that prices included in the contract do not include any amount to protect against such contingent cost increases.

(b) This EPA clause applies to skim milk and butterfat fluid milk products classified as class I milk only (i.e., whole milk, fat-free milk, low fat milk, light milk, reduced fat milk, milk drinks, eggnog and cultured buttermilk, including any such beverage products that are flavored, cultured, modified with added nonfat milk solids, sterilized, concentrated, or reconstituted. As used in this paragraph, the term concentrated milk means milk that contains not less than 25.5 percent, and not more than 50 percent, total milk solids). Any package sizes other than gallons will be pro-rated based upon the price adjustment per gallon.

(c) Class I milk, as described in this clause, is subject to the regulations of the United States Department of Agriculture under the Federal milk marketing orders.

(d) The economic indicator for the purpose of prospective adjustments to contract prices under this clause shall be the Class I price [(base skim milk price for Class I times 0.965) plus (advanced butterfat pricing factor times 3.5)] in the announcement of advanced prices and pricing factors released by the U.S. Department of Agriculture, Agricultural Marketing Service, dairy programs. The announcement is released on the Friday before the 23rd of the month unless the 23rd of the month falls on a Friday in which case, Friday the 23rd will be the release date.

(e) Price adjustments shall be based on the following:

(1) The "base price" for the purpose of the initial adjustment calculation under this clause shall be the current month price of the economic indicator in effect at (i) the closing date for proposals, if no discussions are held, or (ii) the due date for final proposal revisions, if discussions are held. The "base price" for each subsequent monthly adjustment calculation shall be the adjusting price from the previous month.

(2) The "adjusting price" shall be the monthly price of the economic indicator released following the month used to determine the "base price".

(f) For the purpose of price adjustments pursuant to this clause:

(1) Adjustments will be made in increments of \$0.01 per gallon when and only when the change per gallon in either direction is equal to or greater than +/- \$0.0100.

(2) Adjustments in excess of \$0.0100 per gallon and in excess of \$0.0050 for units other than a gallon (i.e., half gallon, quart, pint and half pint) will be rounded to two decimal places to accommodate systems requirements of the subsistence total order receipt electronic system (STORES), as follows:

\$0.0050 to \$0.0099 = \$0.01

\$0.0100 to \$0.0149 = \$0.01

\$0.0150 to \$0.0199 = \$0.02

\$0.0200 to \$0.0249 = \$0.02

\$0.0250 to \$0.0299 = \$0.03, etc.

(3) One hundred weight (CWT) as used in the price of the economic indicator equates to 11.63 gallons of milk deliverable under this contract.

(g) Promptly following release of the announcement of advanced prices and pricing factors applicable to the following month, the Contracting Officer shall compute the adjustments, if any, to the current contract prices for the purpose of determining any revised prices applicable to orders for the next month in the manner detailed below:

(1) Compute adjusting price.

(2) Compute base price.

(3) Compute change from base price.

(4) Convert the price change to price per gallon.

(5) Compute price change for other units other than a gallon.

(1) The adjusted contract unit price(s) for the following month will be input in STORES,

(2) A facsimile transmission will be sent to Contractors who do not have electronic access, and

(3) The calculations used to derive the adjusted contract unit price(s) for the following month will be posted on the Internet.

(j) The aggregate of the increases in any contract unit price under this clause shall not exceed 30% of the original contract unit price. The original contract unit price is the price in effect on the date of award. If at any time during the term of the contract, a proposed economic price adjustment will exceed this ceiling, the Government reserves the right to raise this ceiling where changes in market conditions during the contract period support an increase. There is no percentage limitation on the amount of downward adjustments that may be made under this clause.

(k) In the event publication of the economic indicator is discontinued or its method of calculation substantially altered so that it no longer reflects market prices, the parties shall mutually agree upon an appropriate substitute for price adjustment(s) under this clause.

### DLAD 52.246-9044 Sanitary Conditions (Nov 2011)

#### (a) Food Establishments.

(1) All establishments and distributors furnishing subsistence items under DLA Troop Support contracts are subject to sanitation approval and surveillance as deemed appropriate by the Military Medical Service or by other Federal agencies recognized by the Military Medical Service. The government does not intend to make any award for, nor accept, any subsistence products manufactured, processed, or stored in a facility which fails to maintain acceptable levels of food safety and food defense, is operating under such unsanitary conditions as may lead to product contamination or adulteration constituting a health hazard, or which has not been listed in an appropriate government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs (2) and (3) below, products furnished as a result of this contract will originate only in establishments listed in the U.S. Army Veterinary Command (VETCOM) Circular 40-1, Worldwide Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement, (Worldwide Directory) (available at: <http://phc.amedd.army.mil/topics/foodwater/ca/Pages/DoDAApprovedFoodSources.aspx>). Compliance with the current edition of DoD Military Standard 3006, Sanitation Requirements for Food Establishments, is mandatory for listing of establishments in the Worldwide Directory. Suppliers also agree to inform the contracting officer immediately upon notification that a facility is no longer sanitarily approved and/or removed from the Worldwide Directory and/or other Federal agency's listing, as indicated in paragraph (2) below. Suppliers also agree to inform the contracting officer when sanitary approval is regained and listing is reinstated.

(5) When the Military Medical Service or other Federal agency acceptable to the Military Medical Service determines the levels of food safety and food defense of the establishment or its products have or may lead to product contamination or adulteration, the contracting officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency. Suspension of the work

shall not extend the life of the contract, nor shall it be considered sufficient cause for the contractor to request an extension of any delivery date. In the event the contractor fails to correct such objectionable conditions within the time specified by the contracting officer, the government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

(b) Delivery Conveyances.

The supplies delivered under this contract shall be transported in delivery conveyances maintained to prevent tampering with and /or adulteration or contamination of the supplies, and if applicable, equipped to maintain a prescribed temperature. The delivery conveyances shall be subject to inspection by the government at all reasonable times and places. When the sanitary conditions of the delivery conveyance have led, or may lead to product contamination, adulteration, constitute a health hazard, or the delivery conveyance is not equipped to maintain prescribed temperatures, or the transport results in product 'unfit for intended purpose', supplies tendered for acceptance may be rejected without further inspection.

**DLAD 52.246-9045 Federal Food, Drug and Cosmetic Act-Wholesale Meat Act (Aug 2008)**

- (a) The contractor warrants that the supplies delivered under this contract comply with the Federal Food, Drug and Cosmetic Act and the Wholesome Meat Act, and regulations thereunder. This warranty will apply regardless of whether or not the supplies have been:

Notwithstanding the time at which such breach is discovered, the right is reserved to give notice of breach of this warranty at any time within such applicable period or within 30 days after expiration of such period, and any such notice shall preserve the rights and remedies provided herein.

  - (2) Return or offer to return all or part of the supplies to the contractor in place and recover the contract price and transportation, handling, inspection and storage costs expended therefore; provided, that if the supplies are seized under either act, such seizure, at government option, shall be deemed a return of supplies within the meaning of this clause and thereby allow the government to pursue the remedy provided herein. Failure to agree to any deduction or recovery provided herein shall be a dispute of a question of fact within the meaning of the clause of this contract entitled "disputes".
- (d) The rights and remedies provided by this clause shall not be exclusive and are in addition to other rights and remedies provided by law or under this contract, nor shall pursuit of a remedy herein or by law either jointly, severally or alternatively, whether simultaneously or at different times, constitute an election of remedies.

## Statement of Work

### Supplies or Services and Prices

#### I. INTRODUCTION

A. The Defense Logistics Agency (DLA Troop Support) intends to support the needs of its customers by entering into one (1) Indefinite Quantity Contract (IQC) per group to supply fresh **Milk, Dairy, and Fruit Drinks** to the customers stated below. This solicitation contains the estimated requirements for these items for customers in **NORTH CAROLINA**.

B. The solicitation contains two groups, which will each be awarded separately:

**Group I – Ft. Bragg (Troop Issue)**

**Group II – Seymour Johnson AFB, Camp Lejeune (Troop Issue and Hospital), and MCAS Cherry Point**

C. The resultant contracts will be a fixed price Indefinite Quantity Contract (IQC) with EPA applied to Class I fluid milk items and firm fixed price for all other items, for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.540(a)). The duration of each contract is for a term of 36 months (three year period). For all Class I fluid milk items, the EPA will be applied in accordance with DLAD 52.216-9032 throughout the contract. Pricing for all other items will have two separate pricing tiers and the pricing will remain firm fixed for each pricing tier. The first pricing tier shall begin on the award date and be for a 24 month period (July 21, 2013- July 18, 2015). The second pricing tier shall be for the following 12 month performance period (July 19, 2015 - July 16, 2016). The effective period for any contract resulting from this solicitation shall be from July 21, 2013- July 16, 2016.

D. Delivery – The current delivery schedule for each location is set forth on pages 65-73 of the statement of work. Delivery on all products is required, as specified by each customer, and should be in accordance with standard commercial practice.

E. The award will be made based on the lowest evaluated price of proposals. The offer must take no exceptions to the terms and conditions in the solicitations.

#### II. GUARANTEED MINIMUM/MAXIMUM

A. The guaranteed minimum on the resultant contract(s) is 25% of the awarded estimated value per each group.

B. The maximum ceiling on the resultant contract(s) is 200% of the awarded estimate value per group.

#### III. PRICING

A. Offerors are required to submit a copy of their current Wholesale Price List, Catalog Price Schedule or other documents containing commercial pricing information.

B. Prices shall be FOB Destination only.

- C. Offerors are required to cross-reference the prices on the Wholesale Price List, Catalog Price Schedule or other pricing documents to the item number on the solicitation. There are several ways of accomplishing this, including writing the item number, as specified in the solicitation, next to the price and item description on the price list. Please do not submit a separate list of information especially prepared for this solicitation; the pricing catalog, complete with cross-references, is requested.
- D. In order to accommodate the Government's ordering system, the Subsistence Total Order and Receipt Electronic System (STORES), unit prices are limited to a maximum of two (2) places after the decimal point (reference Clause DLAD 52.214-9008 "Rounding Off of Offer and Award Price – Alternate I". In addition, the system requires that prices be fixed for a certain period of time.

#### IV. SCHEDULE OF ITEMS

- A. If a customer desires to order an item that is not listed on the resultant contract(s), a written request to the DLA Troop Support Market Ready Contract Specialist shall be submitted to have the item added. The Contract Specialist will contact the vendor and arrange to have the item added to the STORES catalog in coordination with the Contracting Officer.
- B. Prior to its inclusion in the STORES catalog, the pricing for each additional item must be negotiated and the Contracting Officer must determine that the price for the respective item is fair and reasonable.
- C. Additional items may be added or removed from the contract; however, any items that are added may not increase the value of the contract above the contract maximum.
- D. **IMPORTANT NOTE:** Items not on the STORES catalog CANNOT be ordered from the contractor under the resulting contract. Payments will not be made for items not appearing on the catalog at time of order.
- E. For evaluation purposes, the Government reserves the right to remove any items, absent an amendment, from the Schedule of Items for a Group in the event that one or more offerors fail to bid on all of the items. The Contracting Officer will complete his/her price evaluation by reviewing and comparing only common items bid by all offerors in this situation. Additional items bid on by the apparent awardee but not evaluated as part of the common item evaluation, may still be added to the final contract absent a separate modification upon a finding that the prices of those additional items are fair and reasonable.

#### V. ADDITIONAL CUSTOMERS

- A. The Government reserves the right to add or remove DoD and non-DoD customers from the same distribution area as the successful contractor, based on a mutually agreed upon implementation plan followed by formal modification to the contract(s).
- B. The increase in the new business will be reflected in the 200% maximum.
- C. Additional customers are limited to those that receive Federal funding.
- D. The Government reserves the right to unilaterally remove DoD and non-DoD customers from the resultant award(s) by way of formal modification.

#### VI. CUSTOMER SERVICE POLICY

The contractor(s) shall treat each of the customers covered under the contract(s) as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under the resulted contract(s).

## VII. NEGOTIATIONS

For the subject acquisition, the Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct negotiations if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest, and waive informalities and minor irregularities in offers received. If discussions are held, initial responses to negotiations shall be in a form of communication customary in the industry for transmitting information to include phone, facsimile transmission, letter, in-person and e-mail. However, any information provided during negotiations, to include all changes to the initial offer, must be reduced to writing and transmitted to the DLA Troop Support Business Opportunities Office by the time and date specified at the time of Final Proposal Revisions. Information not submitted to the DLA TROOP SUPPORT Business Opportunities Office by the specified date and time will not be considered by the Government during final evaluations.

## VIII. NON-MANUFACTURER / NON-DISTRIBUTER

All offerors are required to provide product originating from a sanitarily approved source and in delivery conveyances that are subject to the Sanitary Conditions clause in the solicitation. Offerors indicating a Place of Performance (manufacturing location) that is not under the day to day control and management of the offeror shall submit documentation that an agreement for production and distribution is in effect at the time of offer covering the period of the contract. The documentation must be signed by the offeror and the proposed subcontractor(s). This does not include similar entities & affiliates of the offeror but applies to non-manufacturers, partners, subcontractors and similar entities that would be performing on the proposed contract but are not the offeror itself. Offerors using a consortium, joint venture or other teaming approaches shall provide evidence of experience pertaining to the execution of the requirements of the solicitation. The freshness requirement of the product being delivered may not be compromised. The offeror's distance from the delivery location is very important. The offeror must be capable of delivering product to arrive at the delivery location the same day for emergency orders.

### **PLEASE NOTE THE FOLLOWING**

Offeror is **REQUIRED** to complete **ALL** information requested on the following schedule of items pages. Each group will be awarded separately and independently. If you are offering on a group, you **MUST** provide the following information for each and every item:

- Product Code
- Unit Price (**TWO decimal places only**)

The government may accept sizes other than 5-gallon for all bulk milk items. If you are offering a size other than 5-gallon for any bulk milk item, please indicate below. If different bulk milk sizes are offered by different offerors, evaluation will be done on a cost per gallon basis. If there are offers for items other than the listed size, then offers will be evaluated on a per unit basis, i.e. gallons and ounces. Please note: the customer must agree to accept size changes.

## Ordering System

### I. Subsistence Total Order and Receipt Electronic System (STORES)

- A. STORES is the Government's ordering system which is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy or Marines, individual ordering systems and translating the orders into an EDI (Electronic Data Interchange) format. In addition, this information is transmitted to DLA TROOP SUPPORT for the purposes of contractor payment and customer billing.
- B. Customers will be able to order all of their Milk and Dairy requirements through STORES.
- C. It is preferred that the successful vendor has access to the Internet and is able to send and receive electronic mail (e-mail).
- D. The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government's format begins with a broad category and then continues with a more general description. For example, a half pint of whole milk would be described as "Milk, Whole, Chl (Chilled), ½ PT CO.
- E. EDI capability is not a requirement for award under this solicitation; however, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:
  - Catalog (Vendor to DLA TROOP SUPPORT)
  - Purchase Order
  - Functional Acknowledgment
  - Receipt
  - Invoice (optional at this time)
- F. If a vendor is not capable of receiving an order through EDI, then a copy of the STORES Orders will be transmitted via FAX from the customers listed in this solicitation to the successful awardee(s). While it is not a requirement of this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.
- G. **Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point.**

### II. Order Placement

- A. Customers shall place orders via STORES to accommodate order lead time stated on contract. Orders shall generally be sent no later than 10:00 A.M. two (2) days prior to the desired delivery date in order to ensure maximum availability of product. However, a customer may decide to place an order with a longer lead-time for delivery except as noted on Section VI-A. Holidays on page 63.
- B. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, the customer must zero-out the item in STORES and create a new purchase order for a replacement item.

- C. There shall be no line-item (LSN) additions to existing STORES orders. Requirements for additional LSN's to prior/existing orders shall be ordered by customers via STORES as a new and separate STORES order.
- D. All pricing is at the time the order is placed.

### Purchase Orders

There shall only be one invoice per purchase order and only one purchase order per day. This will reduce invoice and payment issues. At no time is a delivery driver permitted to deliver items that do not appear on the purchase order.

### Product Quality

Acceptance of supplies awarded under this solicitation will be limited to fresh product. All products delivered under this contract must conform to the following **freshness requirements**. Fluid dairy products and other dairy products shall have sufficient remaining shelf life commensurate with good commercial practice. Each container, carton, etc. shall have visible, legible, and understandable "sell-by-date" or equivalent.

1. Milk, Whipping Cream (fresh), Cream (fresh) and Half-and-Half (fresh), Ice Milk Mix, Fresh (soft serve), Milk Shake Mix, Fresh (direct draw), Buttermilk and Eggnog must be delivered with a minimum 10 days shelf life remaining.
2. Whipping Cream (ultra-pasteurized), Half-and-Half (ultra-pasteurized), and Cream (ultra-pasteurized) must be delivered with a minimum 14 days shelf life remaining.
3. Cottage Cheese, cultured and acidified, normal and extended shelf life must be delivered with a minimum 14 days shelf life remaining.
4. Sour Cream must be delivered with a minimum 21 days shelf life remaining.
5. Yogurt must be delivered with a minimum of 18 days shelf life remaining.
6. Ice Cream must be delivered with a minimum 120 days shelf life remaining.

Commercial standards should be used to maintain temperatures appropriate for the individual items.

### Contractor Quality Program

The contractor should develop and maintain a quality program for product acquisition, warehousing and distribution to assure the following:

- Standardized product quality;
- The usage of First-In, First-Out (FIFO) principles;
- Product shelf life is monitored;
- Items are free of damage;
- Correct items and quantities are selected and delivered;
- Customer satisfaction is monitored;
- Product discrepancies and complaints are resolved and corrective action is initiated;
- Supplier, FDA, or DoD initiated food recalls are promptly reported to customers and DLA Troop Support;
- Compliance with EPA and OSHA requirements;
- Salvaged items or products shall not be used;

The vendor shall comply with any findings or corrective actions noted on all its mandatory monthly and yearly inspections and audits performed by County, State, and Federal Agencies including the Food and Drug Administration and US Department of Health & Human Services. The vendor will immediately notify the Contracting Officer of any negative findings by any of these auditing agencies which affect the performance of its contract(s) and of the vendor's corrective action. The Contracting Officer may request copies from the vendor of any negative County, State, or Federal health inspection which affects its contract(s).

Failure to comply with County, State, and Federal milk regulations; apply corrective actions to audit findings; or not maintaining its pasteurization plant compliance at a rate of at least 90 percent or higher, as certified by a state milk sanitation officer and listed in "Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers" may result in termination of the contract at the vendor's expense. In the event the vendor is subcontracting milk, dairy, or ice cream products, the vendor shall be responsible for replacing any noncomplying subcontractor with an approved subcontracting source or risk termination of the contract.

The vendor shall have in place the proper temperature controls in their warehouse to ensure product is stored at commercially acceptable temperature settings.

### Warehousing and Sanitation Program/Stored Product Pest Management

The contractor shall develop and maintain a sanitation program and a stored product pest management program for food and other co-located non-food items that comply with industry standard programs such as the Code of Federal Regulations, Title 21, part 110, Food Manufacturing Practices, the Federal Insecticide, Fungicide and Rodenticide Act, the Food, Drug, and Cosmetic Act of 1938 as well as all pertinent state and local laws and regulations. Records of inspections performed by the firm, subcontractor, or recognized industry association shall be maintained and made available to the Government at the Contracting Officer's request.

### Contractor Quality Audits

The Government may conduct formalized audits to verify the vendor's adherence to the contract requirements and the quality of product being supplied under any resultant contract.

### Recall Procedures Requirements

In the event that a product recall is initiated by the USDA, vendor, supplier or manufacturer, the vendor shall follow the procedures as outlined below:

1. Immediately notify the following personnel:
  - a. Customers that have received the recall product
  - b. DLA Troop Support Contracting Officer
  - c. DLA Troop Support Account Manager
  - d. DLA Troop Support Customer Safety Officer at (215) 737-2922
  
2. Provide the following information to the DLA Troop Support Consumer Safety Officer:
  - a. Reason for recall
  - b. Level of recall, i.e., Type I, II or III
  - c. Description of product
  - d. Amount of product
  - e. List of customers that have received product
  - f. Name and phone number of responsible person (Recall Coordinator)

3. The vendor should provide a Final Status Report of Recall, when completed, to the DLA Troop Support Consumer Safety Officer.
4. At the discretion of the affected customers, the vendor shall either replace at no additional cost or adjust the invoice quantity for any recalled product. Delivery of replacement product shall occur at the discretion of the customer.

### Non-Compete Provision

The offeror warrants that it will not actively promote, encourage, or market any of the customers on this acquisition away from a resultant DLA Troop Support contract and onto a contract of any other Government agency or commercial entity. This prohibition applies both on a pre-award and post-award basis.

### Food Defense/Force Protection

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The offeror must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. Contract awardee will ensure to complete security of all conveyances to any military installations. The offeror must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies.

As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

### Packaging, Packing and Labeling

- A. All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. All items must be adequately protected during inclement weather

### Inspection and Acceptance

- A. Contractor's delivery vehicles will stop and report to the veterinary inspection points as designated for inspection of his products before proceeding to any other designated delivery point.
- B. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Medical Personnel, or Contracting Officer.
- C. All deliveries are subject to military veterinary inspection. In addition, the delivery vehicles may be inspected for cleanliness and condition.

- D. The Food Service Officer (and/or) Authorized Receiving Official (ARO) at each delivery point (are/is) responsible for inspecting and accepting products as they are delivered. The invoice/delivery ticket shall not be signed prior to inspection of the product. All overages, shortages, and/or returns are to be noted on the delivery ticket by the receiving official and the truck driver. A signature on the delivery ticket/invoice denotes acceptance of the product.

### Rapid Gate

Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.

### Warranties

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties the contractor gives to any customer for such supplies and the rights and remedies provided therein are in addition to and do not limit any rights afforded to the Government by Clause 52.212-4(o) "Warranty" contained in the solicitation.

### Rejection Procedures

- A. If product is determined to be defective, damaged, or compromised in any other manner, it may be rejected by the Authorized Receiving Official (ARO). All suspect items shall be segregated.
- B. When product is found to be nonconforming or damaged or otherwise suspect, the receiving personnel shall notify the Food Service Officer (FSO) (and/or) Authorized Receiving Official.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.
- D. If an item is rejected at the time of delivery, the delivery ticket/invoice must be annotated to reflect what item(s) and quantity(ies) were affected. The line item dollar value, as well as the total invoice dollar value, must be adjusted to reflect the adjusted value of the shipment.
- E. If product is rejected after the delivery occurred, the vendor must pick up the rejected product at the time the next regular shipment is made.

## Contract Closeout

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery. Cumulative delivery order closeout will result in total contract closeout. It is the Government's intent to closeout contracts within 60 days from the date of the final delivery.

## Deliveries and Performance

### **I. TERMS OF INDEFINITE QUANTITY CONTRACT**

The resultant contracts will be a fixed price Indefinite Quantity Contract (IQC) with EPA applied to Class I fluid milk items and firm fixed price for all other items, for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.540(a)). The duration of each contract is for a term of 36 months (three year period). For all Class I fluid milk items, the EPA will be applied in accordance with DLAD 52.216-9032 throughout the contract. Pricing for all other items will have two separate pricing tiers and the pricing will remain firm fixed for each pricing tier. The first pricing tier shall begin on the award date and be for a 24 month period (July 21, 2013- July 18, 2015). The second pricing tier shall be for the following 12 month performance period (July 19, 2015- July 16, 2016). The effective period for any contract resulting from this solicitation shall be from July 21, 2013- July 16, 2016. Deliveries shall be made by the contractor any day except Holidays, between the hours and location specified by the ordering officer.

### **IV. NO SUBSTITUTIONS**

If an item is not available, vendor is NOT to substitute an item without having a separate purchase order for the additional item. Customer MUST zero-out unavailable item(s) in STORES. Customer will be directly responsible for payment of any items not appearing on a STORES purchase order.

### **V. SUBSTITUTIONS**

A. The customer has to authorize any substitution to their order prior to delivery. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.

B. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

### FAR 52.212-2 -- Evaluation -- Commercial Items (Jan 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers: **“SEE ADDENDUM”**

Technical and past performance, when combined, are \_\_\_\_\_ [Contracting Officer state, in accordance with FAR 15.304, the relative importance of all other evaluation factors, when combined, when compared to price.]

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is

unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s). **“SEE ADDENDUM”**

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

### Addendum to FAR 52.212-2, Evaluation of Commercial Items (Jan 1999)

Paragraph (a) is deleted in its entirety and replaced with the following:

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation, is the lowest evaluated aggregate price. If an offeror takes an exception to the terms and conditions of the solicitation, its offer may be excluded from consideration for award.

The following factors shall be used to evaluate offers:

**PRICE ONLY: The resultant contract(s) offeror with the lowest evaluated aggregate price who meets all terms and conditions of the solicitation.** Pricing is required for all items found in the Schedule of Items. The Government will perform an aggregate price analysis for all items found in the Schedule of Items. To determine an offeror’s evaluated aggregate price, the estimated quantities in the Schedule of Items will be multiplied by the unit prices to determine the lowest aggregate price to the Government. Offered prices, on an individual line item basis, will be evaluated to determine fair and reasonableness with the ultimate award decision being based on the lowest evaluated aggregate price. The government reserves the right to remove item(s) from the schedule of Items or do a common item comparison if offerors do not submit pricing for all items.

(b) Paragraph (b) is deleted in its entirety as there are no options for this procurement.

**(h) Certification Regarding Responsibility Matters (Executive Order 12689).**

The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

- (1)  Are,  are not, presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

- (4)  Have,  have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.*

The tax liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.*

The taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitled the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

#### [DLAD 52.217-9024 Special Provisions for Bulk Milk Dispensing Equipment – DLA Troop Support Subsistence \(Nov 2011\)](#)

(a) General. Regulations require that the cost to the Government for bulk milk dispensing equipment must be identified and paid for from a different fund than the milk itself. Accordingly, unit and extended prices on each offered item requiring the furnishing of bulk milk dispensing equipment will be broken down and will state separately (1) the charge for the milk itself, and (2) the charge for the bulk milk dispensing equipment called for by that item. The dispensing equipment charge will include the cost of furnishing, installing, servicing, maintaining and removing such equipment. Evaluation of offers will be based on the total charge for each such item. By submission of this offer, the offeror confirms that the separate charges entered for such items represent the true and accurate charges for the milk and bulk milk dispensing equipment, and that the price offered for milk does not include any cost on account of bulk milk dispensing equipment. Dispensing equipment charge will be the per-gallon rate for equipment and services.

(b) Invoices. Invoices covering items requiring the furnishing of bulk milk dispensing equipment must show separately for each such item the charge for the milk product furnished and the applicable charge for the bulk milk dispensing equipment.

(c) Computations. (Applicable only in contracts which contemplate the use of both government-furnished and contractor-furnished dispensers.)

(1) Basic. To the extent both government-furnished and contractor-furnished equipment is to be used in the dispensing of bulk milk required under this contract, the following dispenser charge procedures shall apply. In each case, the Government shall give written notice to the contractor stating which of the consumption points will employ contractor-furnished dispensers exclusively. Such points shall be called "Contractor Dispenser Points".

(2) Central Deliveries. Where bulk milk is delivered to a central delivery point for redistribution by the Government both to Contractor Dispenser Points and to other consumption points, data shall be furnished by such central delivery point to the contractor stating the gallonage issued during the invoice period to Contractor-Dispenser Points. Such data shall be the basis of invoicing dispenser charges.

(3) Direct Deliveries. Where bulk milk is delivered to Contractor Dispenser Points directly by contractor, delivery receipt data applicable to such points shall be the basis of such invoicing.

(4) Mixed-Equipment Points. Where bulk milk is delivered either directly or through a central delivery point to any consumption point where any or all of the dispensers are furnished by the Government, no dispenser charges shall be applicable to, such milk, except as provided below. Contractor shall not be required to furnish dispensers at any consumption point where any Government dispensers are located, except as provided below.

(5) Urgency Exception. Where urgent requirements, as determined by the ordering officer, necessitate the use of both government and contractor-furnished dispensers at the same consumption point, the minimum number of contractor-furnished dispensers shall be ordered in writing only and supplied to such point. In such case, dispenser charges (per line item) shall apply to that proportion of the bulk milk delivered to such point which corresponds to the proportion of contractor-furnished dispenser spigots to the total number of spigots at such point. (For example: If half the number of spigots used in dispensing chocolate milk at that point are contractor-furnished, half of the chocolate milk gallonage there shall be subject to the dispenser charge).

### DLAD 52.215-9023 Reverse Auction (N0v 2012)

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

(a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.

(b) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.

(c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.

(d) The lowest offeror's price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offeror's identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offeror's proposed pricing, such as "Offeror A" or "lowest-priced offeror"). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.

(e) The reverse auction system currently in use designates offers as "Lead," meaning the current low price in that auction, or "Not Lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "Lead" and the second or subsequent offer of that price as "Not Lead." Offerors shall not submit a tie offer, since this is inconsistent with the purpose of the reverse auction. If a tie offer is submitted, the "Not Lead" offeror that submitted the tie offer must offer a changed price; it will be ineligible for award if the final price in the auction is the tie offer price.

(f) An offeror's final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the Contracting Officer determines that it would be in the best interest of the Government to re-open the auction.

(g) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.

(1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors' pricing in confidence until after contract award.

(4) Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(5) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(6) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) An employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.'
