**Economic Price Adjustment (EPA) – Actual Material Costs for Subsistence Delivered Price Business Model**

All references to “Subsistence Total Order and Receipt Electronic System (STORES) in Economic Price Adjustment (EPA) – Actual Material Costs for Subsistence Delivered Price Business Model will also reflect the use of the “Fresh Fruit and Vegetable Ordering System (FFAVORS Web) for customers that may use FFAVORS do not use STORES .

(a) Warranties. For the portion of the schedule that is covered by this EPA clause, the Contractor warrants that—

(1) Contract unit prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and

(2) All price adjustments invoiced under this contract shall be computed in accordance with the provisions of this clause.

(b) Definitions. As used throughout this clause, the term:

(1) “Contract Unit Price” means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support’s customers. The Contract Unit Price consists of two components: Delivered Price and Distribution Price. The unit price sum of the two component prices shall be rounded up or down as applicable, to the nearest cent to determine the final Contract Unit Price.

(2) “Delivered Price” means the most recent manufacturer, grower or private label holder commercial price per unit to the Contractor, inclusive of standard freight. The Delivered Price shall be based on free on board (f.o.b.) Destination. Delivered Price shall exclude all costs that are to be covered in the Distribution Price.

(i) Exceptions:

(A) Mandatory Source Items: The Delivered Price shall be limited to the nonprofit agency’s price for product as set in accordance with applicable law, plus applicable freight.

(B) A contiguous United States (CONUS)-based redistributor’s price for a specific manufacturer’s/grower’s/private label holder’s product (SKU) may be considered by the Government as long as the redistributor’s price for the quantity ordered is equal to or lower than the manufacturer’s/grower’s/private label holder’s published price inclusive of discounts/allowances. This exception must be approved by the Contracting Officer on a case by case basis. Supporting documentation may be required.

(3) “Product Allowance” means discounts, rebates, and allowances to be passed on to the Government. In accordance with other provisions of the contract (and subject to any exception in those provisions), all discounts, rebates, or allowances on particular items which are reflected in the amounts shown on the face of the manufacturer’s, grower’s or private label holder’s invoice (referred to as “off-invoice allowances”) or otherwise given to the Contractor by the manufacturer, grower or private label holder, shall be passed by the Contractor to the Government, in the form of an up-front price reduction. The total of these discounts, rebates, and allowances (Product Allowance), shall be reflected via a reduced Subsistence Total Order and Receipt Electronic System (STORES) price, resulting in a lower invoice price to the customer. Any rebates that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check made to the US Treasury, with an attached itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and CLIN number.

(4) “Distribution Price(s)” means the firm fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price is the only method for the Contractor to bill the Government for all aspects of contract performance other than Delivered Price; including but not limited to, the performance requirements of the SOW for the applicable SPV solicitation and resulting contract. As detailed above in (2), Delivered Price is distinct from and not to be included in the Distribution Price.

(5) “Ordering Catalog” means the electronic listing of items and their corresponding contract unit prices available for ordering under this contract.

(6) “Ordering Week” means from Sunday at 12:01 AM through the following Saturday until midnight (Eastern Time (ET), standard or daylight as applicable).

Attachment 1

(c) Price adjustments.

(1) General.

(i) All contract unit prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the Delivered Price component of the Contract Unit Price is subject to adjustment under this clause. After the first Ordering Week, if the Contractor's Delivered Price changes for any or all contract unit prices, the Contract Unit Price shall be changed in the next week's Ordering Catalog upon the Contractor's request, submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the Delivered Price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next Ordering Week. All Ordering Catalog Unit Prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract Unit Price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent Ordering Week.

(ii) Catalog Delivered Prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into SPV Contractor's inventory).

(iii) Updates to the Delivered Price: All notices and requests for new item Delivered Prices and price changes shall be submitted weekly, no later than 12:00PM Eastern Time on Wednesday to be effective in the following Ordering Week's Ordering Catalog prices. The Delivered Price shall have any and all Product Allowance subtractions made prior to presenting the Delivered Price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange (EDI) 832 transaction set. The change notice shall include the Contractor's adjustment in the Delivered Price component of the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such 832 price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next week's Ordering Catalog and each Contract Unit Price shall be changed by the same dollar amount of the change in the Delivered Price in the next week's Ordering Catalog.

(iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior Ordering Weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, supplier documentation regarding rebates/allowances, and any other substantiating information requested by the Contracting Officer.

(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the Contractor by close of business, 3:00PM Eastern Time each Friday that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following Ordering Week. The posting of updated prices in the Ordering Catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change.

(vi) Should the Contracting Officer determine that, or question whether a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is(are) higher than lower Delivered Prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business, 3:00PM Eastern Time on Friday. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's Ordering Catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the Ordering Catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item will be considered a negative instance of performance.

(vii) In the event of a price change not posting or an Ordering Catalog Contract Unit Price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract Unit Price, the Prime Vendor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its Ordering Catalog and submit a refund for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the Ordering Catalog, if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.

Attachment 1

(2) Limitations. All adjustments under this clause shall be limited to the effect on contract unit prices of actual increases or decreases in the Delivered Prices for material. There shall be no upward adjustment for—

(i) Supplies for which the delivered price is not affected by such changes;

(ii) Changes in the quantities of materials; and

(iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract Unit Price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.

(d) Upward ceiling on economic price adjustment. The aggregate of contract Delivered Price increases for each item under this clause during the contract period inclusive of any option period(s) shall not exceed 90 percent (%) for Fresh Fruits and Vegetables (FF&V) of the initial Contract Delivered Price, except as provided below:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832 price change request and separate email no later than the time specified in paragraph (c)(1)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the delivered price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill future orders for such items, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing. After evaluation of a requested actual price increase, if the Contracting Officer authorizes the change in the contract unit price, the Contractor shall submit an EDI 832 price change. The price change shall be posted for the following week's ordering catalog.

(e) DOWNWARD LIMITATION ON ECONOMIC PRICE ADJUSTMENTS. There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.

(f) Examination of records. The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(g) Final invoice. The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required or authorized by this clause.

(h) Disputes. Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.

#### CAUTION NOTICE

This solicitation is a Small Business Set-Aside. NAICS is 311991 and size standard is 500. It contains one (18 month) base period plus two (18 month) option periods. The length of the contract, including options if exercised, may total 54 months (4.5) years. A waiver of the Non-Manufacturer Rule was received on April 16, 2013 by the U.S. Small Business Administration.

Delivery orders will be placed against the resulting contract at the current catalog price. The awardee will be required to have a computer system capable of accepting delivery orders and processing Electronic Data Interchange (EDI) transactions. Generally, EDI transactions are utilized by a third party VAN service. This contract will require the contractor to have electronic commerce/electronic data interchange EC/EDI capabilities.

All contractors who choose to conduct business with the Department of Defense must now be registered in the System for Award Management (SAM) database at [www.sam.gov](http://www.sam.gov).

All contractors who receive awards as a result of this initiative are encouraged to utilize the SBA SUBNet database to assist them in further identifying additional small business sources of supply. Vendors may post notices of sources sought for teaming partners and subcontractors on future contracts. Small business can review this web site to identify opportunities in their area of expertise. You may access the SBA PRONet database through the SBA Website at: [www.sba.gov](http://www.sba.gov).

In accordance with DLAD Clause 52.215-9023, Reverse Auction may be used for Distribution Prices only and the low offeror at the end of the Reverse Auction may not be the ultimate awardee. Award determination will be based on the lowest evaluated aggregate price for each group.

#### CAUTION - CONTRACTOR CODE OF BUSINESS ETHICS (FEB 2012)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

#### RAPIDGATE

"Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at [www.rapidgate.com](http://www.rapidgate.com).

SPE300-14-R-00040002

Attachment 2

Please note that RapidGate is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement."
