*** "Essentially the Same" Criteria**

The following is the criteria for determining whether the items are "essentially the same" when comparing JWOD mandatory products and commercial products. The JWOD product will be considered "essentially the same" when:

1. It has effectively the same form, fit and function.
2. The JWOD and commercial products may be used for the same purpose.
3. The JWOD and commercial products are relatively the same size and a change in size will not affect the use or performance.
4. The appearance, color, texture, or other characteristic of the JWOD product and commercial product are not significantly different from one another?
