NOTE: The Defense Base Act (DBA) and the Longshore and Harbor Workers' Compensation Act, implemented through FAR Part 28, mandate that all United States government contractors and subcontractors at all tiers must obtain workers' compensation insurance for their employees working overseas, with certain exceptions not applicable here. The United States Department of Labor administers the DBA, ensuring that employers provide workers' compensation benefits for covered employees. The contractor must submit proof of a valid DBA insurance policy for the prime and their subcontractors at every tier prior to performance of the contract. It is the responsibility of the contractor to obtain and maintain such insurance during the entire performance period of the contract. Failure by the contractor or its subcontractors to comply with the provisions of the DBA may subject the contractor to extensive civil liability and criminal penalties. Detailed information on the requirements of the DBA and Longshore and Harbor Workers' Compensation Acts is available at <http://www.dol.gov/esa/owcp/dlhwc/lcdba.htm>. Any further questions should be directed to the Department of Labor, your legal advisor or a DBA insurance carrier.
