**Part 12 Clauses**

1. On page 28 of the solicitation, paragraph H, Mandatory Items (Mandatory Food Products and Dining Packets), below sub-paragraph 10, add the following paragraph 11:

11. Procedures for updating the DLA Troop Support Subsistence Prime Vendor catalogs for the Subsistence Prime Vendor Ability One Mandatory Procurement List (MPL):

All changes to the DLA Troop Support Subsistence Prime Vendor Ability One MPL will be made on the DLA Troop Support Subsistence Ability One webpage.

The DLA Troop Support Subsistence Prime Vendor Ability One MPL webpages will be updated for the following changes in: prices, ordering information, contractor locations, items (additions and deletions), Ability One approved contractors and/or purchase exceptions.

There is a general Ability One Program website within the DLA Troop Support Subsistence web, and within the general Ability One Program website there are two websites, one for food items and one for non-food items. The web sites are:

General website:

<http://www.troopsupport.dla.mil/subs/pv/manprod/index.asp>

Food items website:

[http://www.troopsupport.dla.mil/subs/pv/manprod/man\\_prod.pdf](http://www.troopsupport.dla.mil/subs/pv/manprod/man_prod.pdf)

Non-food items website: [http://www.troopsupport.dla.mil/subs/pv/manprod/man\\_prod\\_nonfood.pdf](http://www.troopsupport.dla.mil/subs/pv/manprod/man_prod_nonfood.pdf)

Prime Vendor contractors will be notified via e-mail. The e-mail notification will identify the changes to the MPL and alert the Prime Vendor contractors to check the DLA Troop Support Subsistence Ability One Program webpage. Additionally changes to the MPL will be bolded for easy identification. Prime Vendor contractors shall confirm receipt of this e-mail notification.

DLA Troop Support Subsistence Prime Vendors are required to expeditiously catalog the mandatory products and remove any commercial equivalent product with “essentially the same” product characteristics. For CONUS Prime Vendors, if the removal and replacement will take longer than 30 days after notification by the Contracting Officer, the Prime Vendor must provide the Contracting Officer with details for the delay. For OCONUS Prime Vendors, within 30 days of notification by the Contracting Officer the OCONUS Prime Vendor must provide the Contracting Officer with current details of issues (outstanding orders, product in the ‘pipeline, etc.) and provide the date when the catalogs will be updated. Contracting Officers will notify the Subsistence Ability One Team.

Any other commercial equivalent product with “essentially the same” product characteristics cannot be sold to the DLA Troop Support customers under this contract. The contractor is not authorized to submit catalog changes containing other commercial equivalent products with “essentially the same” product characteristics as those items on the MPL.

The following criteria should be used in determining if a commercial product is “essentially the same” as an Ability One MPL item:

It has effectively the same form, fit and function.

The Ability One and commercial products may be used for the same purpose.

The Ability One and commercial products are relatively the same size and a change in size will not affect the use or performance.

The appearance, color, texture, or other characteristic of the Ability One product and commercial product are not significantly different from one another.

The only potential exception to this requirement is identified in paragraph G below.

**CONTINUED ON NEXT PAGE**

If the Prime Vendor is requested to carry items commercially equivalent to MPL items but with unique packaging requirements provided by the supplier but not currently provided by the MPL source, the Prime Vendor must notify the Contracting Officer. Contracting Officers will notify the Subsistence Ability One Team.

Payments shall be made directly to the MPL designated source.

Monthly MPL Compliance Reports are issued for each active Prime Vendor catalog. The monthly MPL Compliance Reports are sent to each Prime Vendor for each of their catalogs and to each administering Contracting Officer. These reports are to be reviewed to ensure active catalogs include the MPL items. Prime Vendor contractors will be notified of non compliances.

2. On pages 62-65 of the solicitation, delete and replace 52.212-4 Contract Terms and Conditions – Commercial Items (FEB 2012) FAR as follows:

52.212-4 -- Contract Terms and Conditions -- Commercial Items (Sep 2013)

The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. If repair/replacement or reperformance will not correct the defects or is not possible, the government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights --

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(h) *Patent indemnity.* The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in Section 611 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period at fixed by the Secretary until the amount is paid.

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. (2)

(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

**52.216-9065 Economic Price Adjustment – Actual Material Costs For Subsistence Product Price Business Model (Jan 2013) DLAD**

(a) Warranties: For the portion of the schedule that is covered by this economic price adjustment (EPA) clause, the Contractor warrants that --

(1) Contract unit prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and

(2) All price adjustments invoiced under this contract shall be computed in accordance with the provisions of this clause.

(b) Definitions: As used throughout this clause, the term

(1) "Contract unit price" means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support's customers. The Contract unit price consists of two components: Product price and distribution price as identified in the schedule of items. The sum of the two component prices shall be rounded to the nearest cent to determine the final Contract unit price.

(2) DLA Troop Support "Manufacturer's Price Agreement" (MPA) means an agreement between DLA Troop Support and manufacturers which identifies a fixed product price for specific items that will be cataloged by the prime vendor.

(3) "Product price" is the most recent DLA Troop Support MP price or the most recent manufacturer, grower or private label holder commercial price per unit to the Contractor, exclusive of standard freight.

(i) Exceptions:

(A) Fresh fruits and vegetables (FF&V):

(1) The product is listed in the distribution category for prime vendor fresh fruits and vegetables (FF&V){9}; and

(2) It is necessary for the product to be transported into the local market of the importer, as otherwise approved under the contract, from a foreign country because local supply does not exist or it is insufficient to meet demand requirements; and

(3) The importer that establishes the product price is the firm that actually performs the FF&V import service, including, but not limited to: procurement, storage, consolidation, pallets, and palletizing as it applies to the importer's normal commercial sales, and the importer has comparable commercial sales in the market that is the point of import.

(B) A contiguous United States (CONUS) based manufacturer, grower or private label holder's product pricing which is a national price inclusive of transportation costs to a Distribution Point shall be supported by documentation and may be considered by the Government on a case by case basis, upon concurrence of the Contracting Officer.

(C) Mandatory source items: The product price shall be limited to the nonprofit agency's price for product as set in accordance with applicable law. The product price shall be based on f.o.b. origin/nonprofit agency. (Prices set in accordance with applicable law (f.o.b. origin/nonprofit agency.)

(D) Prime vendor table displays/decorations only: For products listed in category {12, 12A, 13, and 13A} prime vendor table displays/decorations only, the product price shall be based on f.o.b. origin/point of the manufacturer's distributor because the manufacturer will not sell directly to the prime vendor. This exception must be approved by the Contracting Officer on a case by case basis. Support documentation is required.

(E) A CONUS-based redistributor's price for a specific manufacturer's product (also known as a stock keeping unit (SKU)) may be considered by the Government as long as the redistributor's price for the quantity ordered is equal to or lower than the manufacturer's published price inclusive of discounts/allowances. This exception must be approved by the Contracting officer on a case by case basis. Support documentation may be required.

(4) "Product allowance" is discounts, rebates, and allowances to be passed on to the Government. In accordance with other provisions of the contract, all discounts, rebates, or allowances on particular items which are reflected in the amounts shown on the face of the manufacturer's, grower's or private label holder's invoice (referred to as "off-invoice allowances") or otherwise given to the Contractor by the manufacturer, grower or private label holder, shall be passed by the Contractor to the Government, in the form of an up-front price reduction. The total of these discounts, rebates, and allowances (or product allowance), shall be reflected via a reduced subsistence total order and receipt electronic system (STORES) price, resulting in a lower invoice price to the customer. Any rebates that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check made to the United States (U.S.) Treasury, attached with itemized listing

of all customer purchases by line item to include contract number, call number, purchase order number and contract line-item number (CLIN).

(5) "Distribution price" (s) means the firm fixed price portion of the Contract unit price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The distribution price is the only method for the Contractor to bill the Government for all contract performance other than the product price. The distribution prices are broken down into normal and premium prices:

(i) Normal distribution price: The normal distribution price is a firm fixed price and offered as a dollar amount, which represents all elements of the unit price, other than the product price and premium distribution price. All performance under this SOW will be included in the normal distribution price except aspects of performance that are specifically identified as being included in the premium distribution price. As detailed above in (3), product price is distinct from and not to be included in either distribution price. The normal distribution price shall exclude ocean shipping costs referenced below and premium distribution prices separately priced in the schedule of items.

(ii) Note: The normal distribution price shall remain fixed for the base period of the contract, and is subject to any agreed option period adjustments.

(iii) Premium distribution prices: Premium distribution prices are firm fixed prices for the base period of the contract and are subject to any agreed upon option period adjustments. The premium distribution prices shall be offered as a dollar amount for the premium distribution categories identified in the statement of work.

(6) "Ordering catalog" means the electronic listing of items and their corresponding contract unit prices available for ordering under this contract.

(7) "Ordering month" means from Sunday 12:01 AM of the first full week in a calendar month through the last Saturday 11:59 PM that precedes the Sunday of the first full week in the next calendar month (eastern time (ET), standard or daylight as applicable).

(8) "United States Defense Transportation System (DTS) Ocean Shipping Costs:" DTS ocean transportation costs (for shipping the product from the Prime Vendor's CONUS facility(s) to the prime vendor's OCONUS facility(s), aka "point to point" delivery via DTS), shall be excluded from the distribution price. The Defense Transportation System is responsible for point-to-point delivery.

(c) Price adjustments:

(1) General:

(i) All contract unit prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the product price component of the Contract unit price is subject to adjustment under this clause. After the first ordering month, if the Contractor's product price changes for any or all contract unit prices, the Contract unit price shall be changed in the next month's ordering catalog upon the Contractor's request, submitted in accordance with paragraph iii below, by the same dollar amount of the change in the Product price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next ordering month. All ordering catalog unit prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract unit price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent ordering month.

(ii) Catalog product prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into the OCONUS inventory). For all distribution categories, when multiple sources are being utilized and more than one manufacturer's product is received prior to a catalog update, the Contractor shall establish the product price based on the mix of invoices received after the previous changes period. The product price would be derived as follows:

Supplier A – {40% x \$5.70 = \$2.28}

Supplier B – {30% x \$5.90 = \$1.77}

Supplier C – {30% x \$6.30 = \$1.89}

Product price = {\$5.94}

(iii) Updates to the product price: All notices and requests for new item product prices and price changes shall be submitted monthly, no later than {5:00PM} local Philadelphia, Pennsylvania, United States (U.S.) time one week prior to the first day of the next ordering month, to be effective in the next ordering month's catalog prices. The product price shall have any and all product allowance subtractions made prior to presenting the product price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange (EDI) 832 transaction set. The change notice shall include the Contractor's adjustment in the product price component of the applicable Contract unit price. Upon the Contracting Officer's acceptance of such electronic data interchange (EDI) 832 price changes in accordance with (v) below, the price change transaction sets will post in the next month's ordering catalog and each Contract unit price shall be changed by the same dollar amount of the change in the product price in the next month's ordering catalog.

(iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior ordering months. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, supplier documentation regarding rebates/allowances, and any other substantiating information requested by the Contracting Officer.

(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the

CONTINUED ON NEXT PAGE

Contractor by close of business local Philadelphia, Pennsylvania, U.S. time on the {Friday} day immediately following the {Monday} that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following ordering month. The posting of updated prices in the ordering catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change.

(vi) Should the Contracting Officer determine that, or question whether, a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is (are) higher than lower product prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business local Philadelphia, Pennsylvania, U.S. time on the {Friday} immediately following the {Monday}. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's ordering catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the ordering catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item will be considered a negative instance of performance.

(vii) In the event of a price change not posting or an ordering catalog contract unit price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract unit price, the prime vendor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its ordering catalog and submit a refund for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the ordering catalog, if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.

(2) Limitations: All adjustments under this clause shall be limited to the effect on contract unit prices of actual increases or decreases in the product prices for material. There shall be no upward adjustment for --

(i) Supplies for which the product price is not affected by such changes;

(ii) Changes in the quantities of material; and

(iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract unit price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.

(d) Upward ceiling on economic price adjustment: The aggregate of contract product price increases for each item under this clause during the contract period inclusive of any option period(s) or tiered pricing period(s) shall not exceed {30} (%) (30) (%) for fresh fruits and vegetables (FF&V) of the initial Contract product price, except as provided below:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a Contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI price change request and separate email no later than the time specified in paragraph (c)(1)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(3)  Are,  are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4)  Have,  have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).
