DLA Troop Support will accept changes to product, weight, and package size for items detailed in the table below for Groups I and II. No preference will be given to one offeror over another based on the item they select to provide; however, a price comparison will be conducted regardless if the same item is selected. The Government will evaluate price on a cost per ounce basis. For price evaluation purposes, the Government will prorate offered price to the product size listed in the solicitation. These are the only acceptable changes and for each line item, offerors must offer on one of the approved items only.

When calculating extended prices for each item, the demand levels for all acceptable package sizes are listed in order to compensate for an equivalent number of servings. For example on item #25, the offeror must submit one acceptable weight (2.5, 3.0, or 4.5 ounce), one acceptable package (24 or 36), one price, and one extended price based on the demand level for the package size selected (demand for Tier 1 will be 150 for packages of 24 or 100 for packages of 36). Offeror may not submit multiple sizes or prices for each line item.
