- B. The customer must authorize any substitution to their order prior to delivery. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.
- C. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

**Rapid Gate**

Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor **MUST** contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.
