Remove FAR 52.216-18 Ordering (Oct 1995) on page 40 of solicitation.

Replace with DFARS 252.216-7006 Ordering (May 2011)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the contract schedule. Such orders may be issued from effective date of contract through the 18 month period.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c)(1) If issued electronically, the order is considered “issued” when a copy has been posted to the Electronic Document Access system, and notice has been sent to the Contractor.

(2) If mailed or transmitted by facsimile, a delivery order or task order is considered “issued” when the Government deposits the order in the mail or transmits by facsimile. Mailing includes transmittal by U.S. mail or private delivery services.

(3) Orders may be issued orally only if authorized in the schedule.

52.217-9 Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within two (2) days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 months.

RapidGate

Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. If the contractor is notified by a customer location that RapidGate or other security enrollment is required now or sometime in the future, the contractor must take all

necessary steps to obtain this in order to ensure continued performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so a contractor that is not already enrolled must begin enrollment as soon as it is notified of the requirement. If difficulty or delay in enrollment in RapidGate is encountered, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at www.rapidgate.com.

Please note that RapidGate is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement.

Remove Rebates/Discounts and Price-Related Provisions in page 2 - 3 of Amendment 0001 and replace with revised provisions listed below.

REBATES/DISCOUNTS AND PRICE-RELATED PROVISIONS

(a) The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other similar economic incentives or benefits, for the customers supported under this contract, throughout the period of performance. All NAPA discounts, food show discounts, early payment discounts (except as identified in paragraph (b) herein), and other discounts, rebates, allowances or other similar economic incentives or benefits received by the Contractor at any time during the period of performance shall be passed to the Government via a reduced catalog price. Instructions for identifying discounts, rebates, allowances or other similar economic incentives or benefits that shall be provided to the Government or retained by the contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.

(b) The contractor may retain Early Payment discounts that meet the following conditions:

- (i) the Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;
- (ii) the Early Payment discount is consistent with commercial practice;
- (iii) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the Prime Vendor/Contractor at the same discount rate and under the same conditions as provided to the Prime Vendor/Contractor;
- (iv) the Early Payment discount is not established, requested, or negotiated for the purpose of avoiding giving DLA Troop Support a lower cost or a rebate or in exchange for a higher invoice price;

- (v) the Early Payment discount is no more than 2 percent of the manufacturer/grower's invoice and the early payment is required within 10 days to obtain the discount; and
- (vi) the contractor actually made the required payment within the time period required to receive the discount.

(c) Upon request the contractor shall provide to the Government any invoices, quotes, or agreements relevant to the delivered price component for existing catalog items, for any new items being added to the catalog, and for requested price changes to existing catalog items. The contractor must include detailed payment terms on each invoice or quote used to substantiate delivered price, including any applicable discounts or rebates. If there are no payment terms associated with the document, the contractor must annotate it with "No payment terms."

(d) The government may require the contractor to submit invoices and other documentation from all subcontractor tiers or any supplier or person in the delivered price supply chain, to substantiate all discounts, rebates, allowances or other similar economic incentives or benefits. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a discount, rebate, allowance or other similar economic incentive or benefit should have been passed on to the Government, or if price verifications reveal any instance of overpricing or underpricing, the Government shall be entitled to a prospective delivered price reduction and a retroactive refund for the amount of the overcharges or discounts, rebates, allowances or other similar economic incentives or benefits, including interest and the contractor shall be entitled to a credit for any undercharges. The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records relevant to the existence of discounts, rebates, allowances or other similar economic incentives or benefits, and commercial customer delivered prices. Failure to exercise this right shall not constitute a defense or alter the Government's entitlement to any other remedies by contract or by law.
