16C. DATE SIGNED
(Signature of person authorized to sign) (Signature of Contracting Officer)

Under the section "Special Contract Requirements", part 2 on pages 95 to 99, the entire part 2 is deleted and replaced by the following:

2. MANAGEMENT REPORTS

- A. The Contractor shall electronically transmit the following reports to the DLA TROOP SUPPORT Contracting Officer and Acquisition Specialist on a monthly basis, except as otherwise noted. All reports shall be cumulative for a one (1) month period (except as otherwise noted) and submitted no later than the seventh day of the following month, e.g., reporting period of January 1st through January 31st -- the reports are due February 7th. Weekly reports shall be submitted by the Friday after the week being reported. The Contractor may be required to submit reports on an as-needed basis in addition to the regularly scheduled reports.

1) Reports received from Contractor	Frequency
(i) Fill Rate, Non Catch-Weight Items	Monthly
(ii) Fill Rate, Catch-Weight Items	Monthly
(iii) AbilityOne Subcontracting	Monthly
(iv) Vendor Catalog	Weekly
(v) Small Business	Monthly
(vi) Descending Case	Monthly
(vii) Descending Dollar	Monthly
(viii) NAPA Report	Monthly
(ix) Customer Visits	Monthly
(x) Not in Stock (NIS)	Monthly
(xi) Government Rebates and Discounts (General)	Monthly
(xii) Government Rebates and Discounts (Food Show) (Contractor will report any rebate/discount additions, deletions or changes by item)	As Required
(xiii) Earned Income Categories	(Update as applicable)
(xiv) Private Label Savings	Semi-Annually

These reports are reviewed by the Contracting Officer. Other performance measurements monitored include, but are not limited to, adherence to mandatory items, Contractor Performance Assessment Reports (CPARS), adherence to delivery of domestic products, and adherence to the Contractor's Food Defense Plan. The Contracting Officer has determined that routine methods are appropriate to monitor contract performance. Metrics are reported monthly to Subsistence top management who in turn reports these measurements to Command.

The following are in-depth descriptions of the major reports listed in the table:

2) Fill Rate:

The Contractor shall submit its monthly fill rate report (to include overall fill rate; non-catch weight item fill rate; and catch-weight item fill rate) to the DLA Troop Support Contracting Officer. The report shall be based on order required delivery dates (RDD), not order placement dates, i.e. the report for March xx shall include all orders placed for deliveries 01-31 March xx. This would normally include orders placed the last day(s) of February xx. In addition to monthly fill rate reports, more frequent reports may be required on an as needed

basis. The Government will compare and attempt to reconcile the Government and Contractor's reports. The Government's fill rate report will be the official government record for contract performance evaluation. The fill rate is calculated by dividing the number of cases accepted by the customer by the number of cases ordered. Mis-picks and damaged cases should not be included in this calculation. The report shall specify fill rates per customer and an overall average fill rate for all customers under the contract for the period being reported. The monthly fill rate reports should specify fill rates grouped by contract number/DODAAC (first six positions of the purchase order)/purchase order number. The date range of the report shall be based on the customer's required delivery date (RDD). Overall discrepancy report shall only include purchase orders that contain less than 100% fill rate and reason code for discrepancy. The Contractor shall submit a separate discrepancy spreadsheet containing a list of Government authorized and verifiable fill rate exceptions using acceptable codes as outlined in the solicitation. Please note that the fill rate could take up to three months to be calculated due to system reconciliation. However, the government's finding will serve as the final rate.

3) AbilityOne Subcontracting:

This report must list all products supplied by AbilityOne firms. Total dollars and percentages shall be highlighted within the Socioeconomic Report. Progress reports regarding these subcontracting efforts relative to AbilityOne entities are also required.

4) Small Business:

This report shall list all products manufactured and/or supplied by small business, small disadvantaged business, minority owned small business, women-owned small business, women owned small disadvantaged business, HUB Zone small business, veteran owned small business, service disabled veteran owned small business, and AbilityOne Program. This shall be sorted by manufacturer/supplier and include quantity and dollar value and shall be sorted by the applicable business size category of the manufacturer/supplier. The workshops in Non Profit Agencies participating in the AbilityOne Program are not to be categorized under Small Disadvantaged Business as they are non-profit organizations and should be considered their own separate category. Note: This report is for direct subcontracts for products supplied to customers. This report is not to include direct costs. SBA must certify (a) SDB that are a part of the SBA 8(a) program; and (b) HUB Zone business.

A summary page of the report shall also be submitted which highlights the total dollars and percentages for each category. This information is very important since DLA TROOP SUPPORT is required to report its success in meeting these goals for the Defense Logistics Agency (DLA). Also requested, but not required since DLA does not mandate that these goals be reported, is a listing of products supplied and/or manufactured by UNICOR, Labor Surplus Areas, Historically Black Colleges or Universities and Minority Institutions.

5) Descending Case Report :

This report must list all products sold for a one-month period in descending order by case. Provides visibility of regularly purchased line items in terms of quantity, from most to least.

6) Descending Dollar :

Sorted by line item; each line to contain at a minimum the DLA TROOP SUPPORT stock number, item description, pack or size, brand description, quantity, and total dollar value of

units shipped. Dollar amounts must be totaled. This report shall be submitted by individual customer accounts AND also by the total customer base.

7) NAPA Report:

This report should summarize the savings passed along to the customers in the form of deviated allowances realized as a result of utilizing the NAPA's. List each customer, the NAPA amount, the manufacturer/broker name, and quantity ordered. NAPA figures should be listed per customer, per contract and per manufacturer.

8) Customer Visits

The Contractor must document their customer visits and provide a copy to the Contracting Officer.

9) Not In Stock:

This report must list all not-in-stock products (in accordance with the definition of fill rate/not in stock) for a one-month period.

10) Government Rebates and Discounts:

- a. General: The Contractor shall provide a monthly report identifying any and all Government Rebates and Discounts received by the Contractor, and the amount passed on to the Government. The Contractor must indicate the type of Government Rebates and Discounts received by the Contractor, whether they are being passed on to the Government customers consistent with its Price Proposal, whether they are of limited or special duration, and the amount that has been passed on to the Government, in the form of an upfront price reduction.
 - (i) This report should summarize the savings passed along to the customers in the form of general Government Rebates and Discounts. List each customer, the amount, the manufacturer/broker name, and quantity ordered. General Government Rebate and Discount figures should be listed per customer, per contract and per manufacturer.
- b. Food Show: This report should show a detailed break out of all savings received at your Food Show. This report is not a monthly requirement, but is based on the timing of your Food Show. List each customer, the Food Show amount, the manufacturer/broker name, and quantity ordered. Food Show Government Rebates and Discounts should be listed per customer, per contract, and per manufacturer. The total should be per customer and per contract.

11) Earned Income Categories:

During the implementation period of the contract, the Contractor will submit a list of categories of Earned Income received. Examples of categories are marketing allowances and sales volume incentives. Any changes, additions or deletions to those categories that occur during contract performance will be immediately reported by the Contractor as part of its next scheduled monthly management reports. It is not necessary to submit specific dollar amounts of Earned Income, just the categories.

12) Private Label Savings

This report will identify all "private label" items on the contract catalog and the savings (by line item and cumulative) associated with using private label versus national brand names for like items. Also, the Contractor shall identify other items that would be suitable for conversion to private label and the estimated cost savings. Likewise, in the event that any private label items cost more than national brand like items, identify these items and dollar amounts.
