Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). Contract Clauses

52.212-4 CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (FEB 2012)

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights --

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C.3727). However, when a third party makes payment (*e.g.*, use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes.* This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) *Invoice.*

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include --

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, contract line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

(v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;

(vi) Terms of any discount for prompt payment offered;

(vii) Name and address of official to whom payment is to be sent;

(viii) Name, title, and phone number of person to notify in event of defective invoice; and

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (*e.g.*, 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer—Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) *Patent indemnity.* The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment.

(1) Items accepted. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) Prompt Payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR Part 1315.

(4) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) *Overpayments.* If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in Section 611 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount

becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period at fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(k) *Taxes.* The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. (m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

- (3) The clause at 52.212-5.
- (4) Addenda to this solicitation or contract, including any license agreements for computer software.
- (5) Solicitation provisions if this is a solicitation.
- (6) Other paragraphs of this clause.
- (7) The Standard Form 1449.

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)

(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. The following paragraph of 52.212-4 are amended as indicated below:

1. Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

(m) Termination for Cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1,350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

- (a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.
- (b) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.
- (c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.
- (d) The lowest offeror's price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offeror's identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offeror's proposed pricing, such as "Offeror A" or "lowest-priced offeror"). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.
- (e) The reverse auction system currently in use designates offers as "Lead," meaning the current low price in that auction, or "Not Lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "Lead" and the second or subsequent offer of that price as "Not Lead." Offerors shall not submit a tie offer, since this is inconsistent with the purpose of the reverse auction. If a tie offer is submitted, the "Not Lead" offeror that submitted the tie offer must offer a changed price; it will be ineligible for award if the final price in the auction is the tie offer price.
- (f) An offeror's final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the

Contracting Officer determines that it would be in the best interest of the Government to re-open the auction.

(g) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.

(1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors' pricing in confidence until after contract award.

(4) Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(5) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(6) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) An employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.' The Contracting Officer also reserves the right to take away the 'trained offeror' designation from any trained offeror who fails to abide by the solicitation's or commercial reverse auction service provider's terms and conditions.

52.216-9006 ADDITION/ DELETION OF ITEMS (AUG 2005)

(a) The Government reserves the right to unilaterally delete items that were available from only one manufacturer at the time of award if an alternate source of supply becomes available or the

Government’s requirements are modified to provide for full and open competition. The Government will provide a 30 day advance notice to the Contractor prior to deleting any item from the Contract.

(b) New items may be added to the contract through bilateral modification with negotiated prices. All new requirements are subject to synopsis prior to addition to the contract.

(c) Discontinued items:

(1) The Contractor agrees to provide the Government with immediate, written notification when an item is to be discontinued by the manufacturer, including a recommendation for any potential substitute or replacement items. If the Government elects to include a substitute or replacement item in the contract, the contract will be modified accordingly.

(2) If an item is discontinued without replacement, the notice should include a recommendation concerning the availability of items that are comparable in form, fit, and function. The Contractor shall not incur any costs related to alternate sources of supply without the express written approval of the Contracting Officer. The Government has the option to make a last time order, or series of orders, within 30 days after receiving written notification of the discontinued item after which the item will be deleted from the contract. The Contractor shall honor any last time order unless it is returned to the ordering office within 10 days after issuance, with written notice stating the full quantity is not available for shipment. The terms of such order(s) will be negotiated by the parties, including changes to the delivery schedule and maximum quantity available for shipment.

52.216-9007 CONTRACT AND DELIVERY ORDER LIMITATIONS (NOV 2011)

[X] (a) Delivery orders will specify delivery no less than _____ days from the date of order. Changes or cancellations to delivery orders may be made by giving the Contractor notice no less than ___ days [remembering that days are always calendar days unless otherwise defined] before the required delivery date.

(b) Maximum contract limitation. The maximum quantity or maximum dollar value that may be ordered against this contract is Lot 1: \$156 million Lot 2: \$444 million.

(c) Guaranteed minimum.

(1) The Government guarantees that it will order under this contract (and under the contract awarded for any partial set-aside) the following minimum, as applicable:

[] (i) Base period of one year.

_____ (Quantity)

_____ (Percentage of the annual estimated quantity or dollar value)

[X] (ii) Base period of two or more years.

_____ (Quantity) multiplied by _____.

10% (Percentage) multiplied by 3.

[] (iii) The following minimum quantities within the time periods prescribed (quarter (QTR)) represents a three-month period computed from date of award):

Contract line-item (CLIN) First quarter Second quarter Third quarter Fourth quarter

[] (iv) The Contractor will not be obligated to honor any order with free on board (f.o.b.) destination terms that requires delivery to a single destination of a quantity less than that shown below:

CLIN
Minimum quantity per destination

(2) The Government may fulfill the guarantee by a single delivery order or by any number of delivery orders subject to the minimum per order specified in the clause Order Limitations, Federal Acquisition Regulation (FAR) clause 52.216-19 (a). The maximum quantity per order does not apply until after the guaranteed minimum is satisfied.

(3) In the event that a single delivery order includes both items that are within the guaranteed minimum and items in excess of the guaranteed minimum, the maximum delivery order limitations in FAR 52.216-19 (b) shall apply, and the Contractor shall be governed by the notice requirement of FAR 52.216-19 (d).

(4) The total of the delivery orders issued during the base contract period will apply to the minimum guarantee stated in this paragraph (c). The Government’s obligations with regard to the guarantee will be satisfied when the total of the delivery orders equals or exceeds the guaranteed quantity or guaranteed dollar value, as applicable.

(d) If this is an invitation for bids (IFB) and the Government elects to award a different quantity than that solicited or bid upon, the delivery schedule will be changed in direct proportion to the change in quantity. If this solicitation involves a partial set-aside, the Government will consider each destination (or combined destinations) separately in awarding the set-aside portion. The destination(s) appearing on page(s)_____ is (are) the non-setaside portion.

52.216-9901 ECONOMIC PRICE ADJUSTMENT- DEPARTMENT OF LABOR PRICE INDEX (DECEMBER 2011 – SUBSISTENCE TAILORED)

(a) WARRANTIES. The Contractor warrants that—

(1) The unit prices set forth in the Schedule do not include allowances for any portion of the contingency covered by this clause; and

(2) The prices to be invoiced shall be computed in accordance with the provisions of this clause.

(b) DEFINITIONS. As used throughout this clause—

- (1) "Price Index" for the purpose of price adjustment under this clause shall be the first published index reported in the monthly publication entitled, "Producer Price Indexes", published by the U.S. Department of Labor, Bureau of Labor Statistics ("BLS") for the following code number(s) and title(s): ***Series ID: WPU0222, Group: Processed Foods and Feeds, Item: Processed Poultry.***

The first published index is the initial publication of the index ("preliminary" with a "(P)") for a given month. It is available from www.bls.gov/ppi approximately two calendar weeks into the following month and will be used to update unit prices. This index will always be the most recently published index at the time the adjustment is made. No further adjustment shall be made due to any subsequent revision that may be published by the BLS.

- (2) "Base price index" is the benchmark index used to measure all changes in price. It is the first published index at the later of these two dates: 1.) the closing date for receipt of proposals; or 2.) if applicable, the date required for receipt of final proposal revisions. (Archived data is available at http://www.bls.gov/ppi/ppi_dr.htm)

For contract option periods, the base price index is the adjusting price index at the end of the immediately preceding contract period.

- (3) "Adjusting price index" shall always be the most recently published index available on the day in which the adjusting contract modification becomes effective.

- (4) "Base unit price" is the unit price for each contract line item, established at the later of these two dates: 1.) the closing date for receipt of proposals; or 2.) if applicable, the date required for receipt of final proposal revisions. This price is exclusive of any adjustment pursuant to this clause.

For contract option periods, the base unit price is the final adjusted unit price at the end of the immediately preceding contract period, which shall include adjustments pursuant to this clause.

- (5) "Adjustment period" is the amount of time, measured in months, during which the unit price for each contract line item must remain fixed.

- (A) The initial unit price (see (b)(7), *infra*) shall be the price for the first adjustment period.

The first adjustment period may run shorter or longer than subsequent adjustment periods depending on the day on which the contract becomes effective;

- (B) Each adjustment period following the first adjustment period shall begin on *three months after the effective date of the prior adjustment* (buyer fill-in);

- (C) Unit Prices may only be adjusted between each adjustment period;

- (D) Unit Prices shall never change within any single adjustment period;

- (E) There shall be **4** (buyer fill-in) adjustment periods per calendar year;

(F) The length of each adjustment period, in months, shall be calculated by dividing 12 by the number of adjustments allowed per year pursuant to the fill-in in (b)(5)(E), above.

(6) “Adjusted Unit Price” is the adjusted price for each contract line item at the start of each new adjustment period.

(7) “Initial Unit Price” is the price for each contract line item at the start of the contract. The initial unit price is always established by taking the percentage change between these two index values:

(A) The value of the most recently published index at the time the government receives the base unit price (e.g. the base price index—see (b)(2), *supra*); and

(B) The value of the most recently published index at the start of the contract performance period.

This percentage change is applied pursuant to (c) Adjustments, *infra*, to the base unit price. If the index value has not changed between these two points in time, the initial unit price shall be the base unit price. The initial unit price shall not be considered an adjustment; rather, this mechanism serves to protect the government and the contractor from market fluctuations that occur between receipt of proposals/proposal revisions (see “base unit price” definition, (b)(4) *supra*) and the commencement of the contract period. All future adjustments (whether these are done monthly, quarterly or otherwise) shall be made pursuant to (c) Adjustments, *infra*.

(c) ADJUSTMENTS. Prior to the end of each adjustment period, the Contracting Officer shall obtain the adjusting price index from BLS and calculate any adjusted unit price(s) for the next adjustment period and modify the contract accordingly. Price adjustments pursuant to this clause shall be made by contract modification, issued by the Contracting Officer, and will show the following five elements for each contract line item: 1.) the base price index; 2.) the adjusting price index; 3.) the base unit price; 4.) the mathematical calculations; and 5.) the adjusted unit price(s).

The price adjustment(s) shall be applicable to orders issued during the following adjustment period. The price adjustment(s) for each adjustment period shall be based on the percentage change between 1.) the base price index; and 2.) the adjusting price index for the adjustment period, as applied to the base unit price.

(1) The Government shall be entitled to a price decrease in any particular adjustment period if the adjusting price index is less than the base price index. Accordingly, the contractor shall be entitled to a price increase in any particular adjustment period if the adjusting price index is greater than the base price index.

(2) Example of adjustment calculation:

Step 1: (Adjusting Price Index – Base Price Index)/Base Price Index = Change in Index*

Step 2: Base Unit Price x Change in Index = Unit Price Adjustment**

Step 3: Base Unit Price + Unit Price Adjustment = Adjusted Unit Price

Base Price Index: 109.9

Adjusting Price Index: 112.7

Base Unit Price: \$50.00

Step 1: $(112.7 - 109.9) / 109.9 = 0.0255^*$ (2.55%)

Step 2: $\$50.00 \times 0.0255 = \1.28^{**}

Step 3: $\$50.00 + \$1.28 = \$51.28$

* This figure shall be rounded to the fourth decimal place.

** All dollar figures shall be rounded to the nearest cent.

(3) New items added to the catalog shall be adjusted in the same manner as existing catalog items, subject to the following clarifications:

(A) The base unit price shall be negotiated and shall be effective on the date the contracting officer signs the catalog add approval form;

(B) The base price index shall be the adjusting price index effective on the date the contracting officer signs the catalog add approval form. This may or may not be the most recently published index by BLS but will place the new item add on the same time schedule as the rest of the items on the catalog.

(d) UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT. No upward ceiling, for the entire contract, shall apply under this economic price adjustment clause except for items with associated BLS series codes which are measured beyond the six-digit level (an index "beyond the six-digit level" means an index whose identifier exceeds six-digits). Not every line item shall be measured beyond six-digits—these shall be identified in the solicitation.

For any BLS series that is beyond the six-digit level, the following ceiling shall apply: The Contractor agrees that the increases on the unit price of each beyond-six-digit line item under this clause shall not exceed 10 % (percent) of the base unit price, except as provided hereafter. This is not cumulative for all beyond-six-digit line items, but shall be measured on an item by item basis.

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the adjustment ceiling for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling the Contractor believes is

sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an increase in the price index would raise the unit price for an item above the current ceiling, the Contracting Officer may issue a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall promptly notify the Contractor in writing.

(e) INVOICES. The prices payable under this contract will be based on the latest adjusted unit price incorporated into the contract as of the date of order.

(f) REVISION OF PRICE INDEX. In the event-

(1) Any applicable price index is discontinued or its method of derivation is altered substantially; or

(2) The Contracting Officer determines that the price index consistently and substantially fails to reflect market conditions, the parties shall mutually agree upon an appropriate and comparable substitute and the contract shall be modified to reflect such substitute effective on the date the price index was discontinued, altered, or began to consistently and substantially fail to reflect market conditions.

(g) FINAL INVOICE. The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.

(h) DISPUTES. Any dispute arising under this clause shall be determined in accordance with and subject to the "Disputes" clause of the contract.

(End of clause)

52.247-29 F.O.B – ORIGIN (FEB 2006)

(a) The term "f.o.b. origin," as used in this clause, means free of expense to the Government delivered --

(1) If the Contractor's shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in the contract, at Contractor's expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding subparagraph (c)(1) of this clause, if the Contractor's shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the Contractor's expense, to the container yard in the same or nearest city where seavan container service is available.

52.247-59 F.O.B.ORIGIN – CARLOAD AND TRUCKLOAD SHIPMENTS (APR 1984)

(a) The Contractor agrees that shipment shall be made in carload or truckload lots when the quantity to be delivered to any one destination in any delivery period pursuant to the contract schedule of deliveries is sufficient to constitute a carload or truckload shipment, except as may otherwise be permitted or directed, in writing, by the Contracting Officer.

(b) For evaluation purposes, the agreed weight of a carload or truckload shall be the highest applicable minimum weight that will result in the lowest freight rate (or per car charge) on file or published in common carrier tariffs or tenders as of the date of bid opening (or the closing date specified for receipt of proposals).

(c) For purposes of actual delivery, the agreed weight of a carload or truckload will be the highest applicable minimum weight that will result in the lowest possible freight rate (or per car charge) on file or published as of date of shipment.

(d) If the total weight of any scheduled quantity to a destination is less than the highest carload/truckload minimum weight used for evaluation of offers, the Contractor agrees to ship such scheduled quantity in one shipment.

(e) The Contractor shall be liable to the Government for any increased costs to the Government resulting from failure to comply with the above requirements.

52.246-9044 SANITARY CONDITIONS (NOV 2011)

(a) Food establishments.

(1) All establishments and distributors furnishing subsistence items under DLA Troop Support contracts are subject to sanitation approval and surveillance as deemed appropriate by the military medical service or by other Federal agencies recognized by the military medical service. The government does not intend to make any award for, nor accept, any subsistence products manufactured, processed, or stored in a facility which fails to maintain acceptable levels of food safety and food defense, is operating under such unsanitary conditions as may lead to product contamination or adulteration constituting a health hazard, or which has not been listed in an appropriate government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs (2) and (3) below, products furnished as a result of this contract will originate only in establishments listed in the U.S. Army Veterinary Command (VETCOM) Circular 40-1, Worldwide Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement, (Worldwide Directory) (available at: <https://vets.amedd.army.mil/vetcom>). Compliance with the current edition of DoD Military Standard 3006, Sanitation Requirements for Food Establishments, is mandatory for listing of establishments in the worldwide directory. Suppliers also agree to inform the Contracting Officer immediately upon notification that a facility is no longer sanitarily approved and/or removed from the worldwide directory and/or other Federal agency's listing, as indicated in paragraph (2) below. Suppliers also agree to inform the Contracting Officer when sanitary approval is regained and listing is reinstated.

(2) Establishments furnishing the products listed below and appearing in the publications indicated need not be listed in the worldwide directory. Additional guidance on specific listing requirements for products/plants included in or exempt from listing is provided in Appendix A of the worldwide directory.

(i) Meat and meat products and poultry and poultry products may be supplied from establishments which are currently listed in the "Meat and Poultry Inspection Directory", published by the United States Department of Agriculture, Food Safety and Inspection Service (USDA, FSIS), at http://www.fsis.usda.gov/Regulations/Meat_Poultry_Egg_Inspection_Directory/index.asp.

The item, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the USDA shield and applicable establishment number. USDA listed establishments processing products not subject to the Federal Meat and Poultry Products Inspection Acts must be listed in the Worldwide Directory for those items.

(ii) Intrastate commerce of meat and meat products and poultry and poultry products for direct delivery to military installations within the same state (intrastate) may be supplied when the items are processed in establishments under state inspection programs certified by the USDA as being "at least equal to" the Federal Meat and Poultry Products Inspection Acts. The item, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the official inspection legend or label of the inspection agency and applicable establishment number.

(iii) Shell eggs may be supplied from establishments listed in the "List of Plants Operating under USDA Poultry and Egg Grading Programs" published by the USDA, Agriculture Marketing Service (AMS) at <http://www.ams.usda.gov/POULTRY/Grading.htm>.

(iv) Egg products (liquid, dehydrated, frozen) may be supplied from establishments listed in the "Meat, Poultry and Egg Product Inspection Directory" published by the USDA FSIS at http://www.fsis.usda.gov/Regulations_&Policies/Meat_Poultry_Egg_Inspection_Directory/index.asp. All products, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping

container, as applicable, the official inspection legend or label of the inspection agency and applicable establishment number.

(v) Fish, fishery products, seafood, and seafood products may be supplied from establishments listed under “U.S. Establishments Approved For Sanitation And For Producing USDC Inspected Fishery Products” in the “USDC Participants List for Firms, Facilities, and Products”, published electronically by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration Fisheries (USDC, NOAA) (available at: seafood.nmfs.noaa.gov). All products, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the full name and address of the producing facility.

(vi) Pasteurized Milk and milk products may be supplied from plants having a pasteurization plant compliance rating of 90 percent or higher, as certified by a state milk sanitation officer and listed in “Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers” (IMS), published by the U.S. Department of Health and Human Services, Food and Drug Administration (USDHHS, FDA) at <http://www.cfsan.fda.gov/~ear/ims-toc.html>. These plants may serve as sources of pasteurized milk and milk products as defined in Section I of the “Grade ‘A’ Pasteurized Milk Ordinance” (PMO) published by the USDHHS, FDA at <http://www.cfsan.fda.gov/~ear/pmo03toc.html>.

(vii) Manufactured or processed dairy products only from plants listed in Section I of the “Dairy Plants Surveyed and Approved for USDA Grading Service”, published electronically by Dairy Grading Branch, AMS, USDA (available at: <http://www.ams.usda.gov/dairy/dypubs.htm>) may serve as sources of manufactured or processed dairy products as listed by the specific USDA product/operation code. Plants producing products not specifically listed by USDA product/operation code must be Worldwide Directory listed (i.e. plant is coded to produce cubed cheddar but not shredded cheddar; or, plant is coded for cubed cheddar but not cubed mozzarella). Plants listed in Section II and denoted as “P” codes (packaging and processing) must be Worldwide Directory listed.

(viii) Oysters, clams and mussels from plants listed in the “Interstate Certified Shellfish Shippers Lists” (ICSSL), published by the USDHHS, FDA at <http://www.cfsan.fda.gov/~ear/shellfis.html>.

(3) Establishments exempt from Worldwide Directory listing. Refer to AR 40-657/NAVSUPINST 4355.4F/MCO P1010.31G, Veterinary/Medical Food Inspection and Laboratory Service, for a list of establishment types that may be exempt from Worldwide Directory listing. (AR 40-657 is available from National Technical Information Service, 5285 Port Royal Road, Springfield, Virginia 22161; 1-800-553-6847; or download from web site: <http://www.usapa.army.mil/> .) For the most current listing of exempt plants/products see the Worldwide Directory (available at: <https://vets.amedd.army.mil/vetcom>).

(4) Subsistence items other than those exempt from listing in the Worldwide Directory, bearing labels reading “Distributed By”, “Manufactured For”, etc., are not acceptable unless the source of manufacturing/processing is indicated on the label or on accompanying shipment documentation.

(5) When the Military Medical Service or other Federal agency acceptable to the Military Medical Service determines the levels of food safety and food defense of the establishment or its products have or may lead to product contamination or adulteration, the Contracting Officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency. Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient

cause for the Contractor to request an extension of any delivery date. In the event the Contractor fails to correct such objectionable conditions within the time specified by the Contracting Officer, the Government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

(b) Delivery conveyances.

The supplies delivered under this contract shall be transported in delivery conveyances maintained to prevent tampering with and /or adulteration or contamination of the supplies, and if applicable, equipped to maintain a prescribed temperature. The delivery conveyances shall be subject to inspection by the government at all reasonable times and places. When the sanitary conditions of the delivery conveyance have led, or may lead to product contamination, adulteration, constitute a health hazard, or the delivery conveyance is not equipped to maintain prescribed temperatures, or the transport results in product 'unfit for intended purpose', supplies tendered for acceptance may be rejected without further inspection.

52.246-9045 FEDERAL FOOD, DRUG AND COSMETIC ACT-WHOLESALE MEAT ACT (AUG 2008)

(a) The Contractor warrants that the supplies delivered under this contract comply with the Federal Food, Drug and Cosmetic Act and the Wholesome Meat Act and regulations promulgated there under. This warranty will apply regardless of whether or not the supplies have been:

(1) Shipped in interstate commerce,

(2) Seized under either Act or inspected by the Food and Drug Administration or Department of Agriculture.

(3) Inspected, accepted, paid for or consumed, or any or all of these, provided however, that the supplies are not required to comply with requirements of said Acts and regulations promulgated there under when a specific paragraph of the applicable specification directs otherwise and the supplies are being contracted for military rations, not for resale.

(b) The Government shall have six months from the date of delivery of the supplies to the government within which to discover a breach of this warranty. Notwithstanding the time at which such breach is discovered, the Government reserves the right to give notice of breach of this warranty at any time within this six-month period or within 30 days after expiration of such period, and any such notice shall preserve the rights and remedies provided herein.

(c) Within a reasonable time after notice to the Contractor of breach of this warranty, the Government may, at its election:

(1) Retain all or part of the supplies and recover from the Contractor, or deduct from the contract price, a sum the Government determines to be equitable under the circumstances;

(2) Return or offer to return all or part of the supplies to the Contractor in place and recover the contract price and transportation, handling, inspection and storage costs expended therefore; provided, that if the supplies are seized under either Act or regulations promulgated there under, such seizure, at Government option, shall be deemed a return of supplies within the meaning of this

Solicitation Provisions

52.212.1 INSTRUCTIONS TO OFFERORS – COMMERCIAL ITEMS (FEB 2012)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show -

-

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(B) *The taxpayer is delinquent in making payment.*

The taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitled the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
