

APPENDIX A-28

CONTROLLED INVENTORY ITEM CODES (PHYSICAL SECURITY/ARMS, AMMUNITION
AND EXPLOSIVES SECURITY RISK/PILFERAGE CODES)

1. Number of characters: One.
2. Type of code: Alphabetic or Numeric.
3. Explanation: CIIC represents three categories of codes used to identify an items security classification and/or security risk or pilferage controls for storage and transportation of DoD assets. These codes (DRN 2863) identify the extent and type of special handling required due to the classified nature or special characteristics of the item. The codes for each of the three categories are listed below. Codes formerly identified as Physical Security and Arms, Ammunition, and Explosives Security Risk Codes are shown with their revised names, with former names in parenthesis for reference purposes. All reports generated and files accessed by SAMMS, which identify these codes by their former names, will remain unchanged at this time.
4. Source: DoD 4100.39-M, Volume 10, Table 61.
5. The following codes are assigned:
 - a. CLASSIFIED ITEMS CODE (Physical Security Code): A code indicating the material requires protection in the interest of national security.

<u>CODE</u>	<u>DEFINITION</u>
A	*Confidential - Formerly Restricted Data.
B	*Confidential - Restricted Data.
C	*Confidential.
D	*Confidential - Cryptologic.
E	*Secret - Cryptologic.
F	*Top Secret - Cryptologic.
G	*Secret - Formerly Restricted Data.
H	*Secret - Restricted Data.
K	*Top Secret - Formerly Restricted Data.
L	*Top Secret - Restricted Data.
O	*Item may be security classified - refer to Phrase Code R (Navy use only).
S	*Secret.
T	*Top Secret.
U	Unclassified.
7	*Item assigned a Demilitarization Code other than A, B, or Q for which another CIIC is inappropriate. The loss, theft, unlawful disposition, and/or recovery of an item in this category will be investigated in accordance with DoD 4000.25-2-M and DoD 7200.10-M.

<u>CODE</u>	<u>DEFINITION</u>
9	*This code identifies an item as a Controlled Cryptographic Item (CCI). CCI is described as secure telecommunications or information handling equipment, associated cryptographic component, or other hardware item which performs a critical COMSEC function. Items so designated are unclassified but controlled, and will bear the designation CONTROLLED CRYPTOGRAPHIC ITEM or CCI.

b. PILFERAGE CODE: A code indicating material which is especially subject to theft.

<u>CODE</u>	<u>DEFINITION</u>
J	Pilferage - Pilferage controls may be designated by the coding activity to items coded U by recording the item as J.

Pilferage items may be further categorized by use of the following codes:

I	Aircraft engine equipment and parts.
M	Handtools and shop equipment.
N	Fire Arms.
P	Ammunition and explosives.
V	Individual clothing and equipment.
W	Office machines.
X	Photographic equipment and supplies.
Y	Communication/electronic equipment and parts.
Z	Vehicular equipment and parts.

c. SENSITIVE ITEMS CODE (Arms, Ammunition, and Explosives Security Risk Code): A code indicating the material requires a high degree of protection to prevent loss or theft.

<u>CODE</u>	<u>DEFINITION</u>
1	*HIGHEST SENSITIVITY (Category I)--Nonnuclear missiles and rockets in a ready to fire configuration and explosive rounds for nonnuclear missiles and rockets. This category also applies in situations where the launcher (tube) and the explosive rounds, though not in a ready to fire configuration, are jointly stored or transported.
2	*HIGH SENSITIVITY (Category II)--Arms, Ammunition and Explosives.
3	*MODERATE SENSITIVITY (Category III)--Arms, Ammunition and Explosives.
4	*LOW SENSITIVITY (Category IV)--Arms, Ammunition and Explosives.

<u>CODE</u>	<u>DEFINITION</u>
5	*HIGHEST SENSITIVITY (Category I)--Arms, Ammunition and Explosives with a physical security classification of Secret.
6	*HIGHEST SENSITIVITY (Category I)--Arms, Ammunition and Explosives with a physical security classification of Confidential.
8	*HIGHEST SENSITIVITY (Category II)--Arms, Ammunition and Explosives with a physical security classification of Confidential.
Q	A drug or other controlled substance designated as a Schedule III, IV, and V item, in accordance with the the Controlled Substance Act of 1970. Other sensitive items requiring limited access storage.
R	Precious metals, a drug, or other controlled substances designated as a Schedule I or II item, in accordance with the controlled Substance Act of 1970. Other selected sensitive items requiring storage in a vault or safe.
\$	This code identifies Nuclear Weapons Use Control (UC) Ground Equipment which is CLLC unclassified but may require special controls. Use Control Ground Equipment is described as recorders, verifiers, adapters, power supplies, cables programmers, monitors, controllers' code processors, power converters computers, and data modules which perform a Nuclear Weapon Use Control Function.

*Not authorized for use by DLA.
