

APPENDIX A-37

MATERIEL RETURNS PROGRAM (MRP) CREDIT DETERMINATION CODES

1. Number of Characters: One.
2. Type of Code: Alpha.
3. Explanation: These codes are used to identify, within the Customer Returns Control File, whether a decision to grant or deny credit was made initially or later changed by the computer or the Item Manager. These codes will be reflected on the appendix F-37, Customer Returns Control File Printout, Policy Section.

<u>CODE</u>	<u>DEFINITION</u>
C	Computer decision.
M	Manager review, with changes.
N	Manager review, without changes.
D	Awaiting manager decision.
R	Canceled awaiting manager decision.
