

APPENDIX A-74

INTERCHANGEABILITY CODES (PROVISIONING)

1. Number of characters: Two.
2. Type of code: Alpha.
3. Explanation:

A two character alphabetic code to indicate interchangeability when an item previously provisioned is being replaced by a new item because of a design or other change. The code is inserted in the applicable Line Item Supply Support Request (LISSR) Type Change Code (TCC) R and S transactions to signify the interchangeability between the original item and the replacement item.

4. Source: DoD 4140.26-M, Chapter 4.
5. The following codes are assigned:

<u>CODE</u>	<u>DEFINITION</u>
NI	<p>This code signifies that items are not interchangeable as follows:</p> <ol style="list-style-type: none">a. When used on the card which describes changes to the original item (TCC R card), NI means that item is not interchangeable with the replacement item (TCC S card).b. When used on the card which submits the replacement item (TCC S card), NI means that the replacement item is not interchangeable with the original item.
OM	<p>This code is used on the card which describes changes to the original item. It signifies that the old item (TCC R card) is interchangeable with the new item (TCC S card) only if modified to the new item configuration and only in the new item application.</p>
OW	<p>This code signifies one-way interchangeability as follows:</p> <ol style="list-style-type: none">a. When used on the card which describes changes to the original item (TCC R card), OW means that the original item may be used until exhausted.b. When used on the card which submits the replacement items (TCC S card), OW means that the new item may be used to replace the original item.

<u>CODE</u>	<u>DEFINITION</u>
TM	This code is used on the card which describes changes to the original item. I signifies that the old item (TCC R card) is interchangeable in both the old and new application only if modified to the new item (TCC S card) configuration.
TW	This code signifies that the old and new items are interchangeable with each other and appears in both (TCC R and S) cards.
