

APPENDIX A-88

VIP/FORECAST FREQUENCY CODES

1. Number of characters: One.
2. Type of code: Alpha.
3. Explanation: A code assigned to an item to indicate the type of item (VIP/Non-VIP) and the forecast frequency for an item (Monthly - Quarterly).
4. Source: Item Characteristic Change, DIC ZR4, initiated by the Item Manager.
5. The following codes are assigned:

<u>CODE</u>	<u>DEFINITION</u>
Y	VIP Item - Monthly Forecast.
M	Non-VIP - Monthly Forecast.
N	Non-VIP - Quarterly Forecast.

NOTE: Numeric Stockage Objective Items can have a VIP designation. However, the VIP designation on NSO items will have no bearing on forecasting procedures for NSO items.
