

APPENDIX A-118

PENDING LOGISTICS LOSS INDICATOR (PLLI) CODES

1. Number of characters: One.
2. Type of code: Alpha.
3. Explanation: This code is manually input to the Supply Management Status File (SMSF) by the MSO to indicate an authorized Logistics Loss. If the SMSF receives notification of a Logistics Loss to a non-DSC Gaining Inventory Manager and this code has not been established, the DSO will be notified on the F-441 report.
4. The following codes are assigned:

<u>CODE</u>	<u>DEFINITION</u>
A	Authorized Logistics Loss.
D	Unauthorized Logistics Loss.
