

APPENDIX F-57A/B

ARCS INCOMPATIBLE WITH VIOLATION FILE

1. PURPOSE

These reports are used as a management tool to assist on surveillance of the ARCS and the Violation Control File by each Defense Supply Center (DSC). The reports monitor the incompatibility between these two files for correction by each DSC.

2. ORIGIN

Reports F-57A/B are prepared for each violation where there is a difference between the ARCS and the Violation Control File. F-57A/B are summary reports of these differences.

3. FREQUENCY

Daily

4. DATA ELEMENT IN HEADER

- a. Report Number.
- b. Generating Activity From - Four digit alpha DSC Activity Code.
- c. Report Title.
- d. Date - Date of report preparation.
- e. Page - Page number.

5. DATA ELEMENTS FOR F057A

- a. VIOL-CTL-NR - Violation Control Number.
- b. VIOL TYPE - Violation Type.
- c. ORC - Output Routing Code.
- d. VRC/MNIC - Violation Reason Code/Management Notification Information Code.
- e. 80 Position Violation.
- f. Incompatibility Reason.

6. DATA ELEMENTS FOR F057B

- a. VIOL-CTL-NR - Violation Control Number.

- b. ORC - Output Routing Code.
- c. VRC/MNIC - Violation Reason Code/Manager Notification Information Code.
- d. 80 Position Violation.

7. NUMBER OF COPIES AND DISTRIBUTION

One copy to Director of Supply Operations (DSO) and one copy to the Management Support Office (MSO). For DPSC C & T one copy to DPSC-FA and for Medical one copy to DPSC-RAM.

8. PROCEDURES FOR REVIEW AND PROCESSING

F-57A/B will be reviewed for the correction of incompatibility between the ARCS and the Violation File by each DSC.

9. RETENTION PERIOD

These reports will be destroyed after they have served the purpose for which they were prepared.
