## 6. NUMBER OF COPIES AND DISTRIBUTION

This report is printed in three copies and furnished to the Inventory Accounting Branch, Stock Control Division, or applicable supply personnel. The Inventory Accounting Branch will forward one copy to MMDOI.

## 7. PROCEDURES FOR REVIEW

The Inventory Accounting Branch will review this report on a monthly basis to evaluate the storage activity and Service inventory accomplishment by Inventory Category Code (ICC). By reviewing the Low IP Inventoried for each ICC and comparing to the quarterly F-335, the DSC can determine if the storage activity is placing emphasis on the highest IP NSNs. MMDOI will monitor DLA wide complete inventory accomplishment by ICC and Low IP Inventoried and alert DSCs/nonaccountable storage activities for necessary adjustment.
