

APPENDIX F-413

MRP CRCF PURGE/NOTICE OF SHIPMENT

1. PURPOSE

This report is part of the Materiel Return Program (MRP) process and is produced in two parts.

a. Part A reflects those customer return records purged from the Customer Returns Control File (CRCF) as the results of a customer failing to respond to a DIC FT6 followup or as the results of nonreceipt of materiel subsequent to recordation of shipment data (DIC FTM).

b. Part B reflects those DIC FTM, Notice of Shipment, which failed to match the CRCF and CRHF. This part will also reflect those DIC FTMs which matched the CRHF however reported additional shipment data against a previously reported received quantity.

4. DISTRIBUTION AND RETENTION

All copies will be forwarded to the DSO Accountability Officer. Report should be retained for accumulation of historical data.

5. PROCEDURES FOR REVIEW AND PROCESSING

This Product will provide a vehicle to followup on nonreceipt of customer returns for Inventory Category Code U items. See appendix E-278.

NOTE 1: Part A

a. If TCN and Mode do not reflect data, the line is being reported because the customer failed to respond to a DIC FT6 Followup.

b. All DIC FTM data applicable to the FTR line will be displayed by Suffix Code.

NOTE 2: Part B

If CRHF does not contain an indicator Y entry, this indicates that the CRCF and CRHF did not reflect initial report of customer return (DIC FTE).
