

APPENDIX B-213

DIRECTED MATERIEL RELEASE ORDER (MRO)
(ORIGINATING REQUISITION DOCUMENT)

1. Directed Materiel Release Orders, DIC C0A/C01, may be entered off line by the Inventory Control Point (ICP) ESOC as emergency post post MROs when the total requisition quantity can be filled from a single DSS storage site, using the DSS directed MRO entry process. The DSS process allows an ICP user to sign on to a DSS storage site to input directed MRO data online.
2. Upon acceptance of the directed MRO, DSS will generate a post post MRO transaction and route it through DAAS to the applicable ICP.
3. Upon receipt of the post post MRO transaction, the transaction will be processed in SAMMS as a directed post post requisition (DIC A0_) for the quantity, Ownership/Purpose Code, Condition, and location identified. The Requisition History Interrogation, appendix F-045 will cite the input DIC C0A or C01. No MRO will be generated.
