

APPENDIX E-003 P

RECOMMENDED DISPOSAL ACTIONS

1. PURPOSE

a. This appendix is to provide procedures for review and processing of the Recommended Disposal Actions Listing.

b. A copy of the Recommended Disposal Actions will be output in a duplicate listing with the first copy going to the ORC of the Item Manager and the second copy going to the Management Support Office (MSO).

2. APPENDIX USED IN THIS PROCESS

Appendix F-280, Recommended Disposal Actions (Duplicate Copies).

3. PROCEDURES/INSTRUCTIONS

a. Upon receipt of the F-280, Recommended Disposal Actions Listing, First copy: The Item Manager will review available or request a new Supply Status Control File (SSCF), Transaction History File (THF), and/or National Inventory Record (NIR) to ascertain most recent balance on hand. Disposal action will not be initiated if the item may be required to support future customer requirements in accordance with DLA-OS Policy Guidance distributed directly to the DSC. If the disposal recommendation review reveals the item was deleted in error, the item manager shall take action to reinstate the NSN in accordance with SAMMS processing procedures.

b. For condition code L materiel a Document Identifier Code ZLD will be processed in accordance with appendix B-167.

c. The decision to redistribute assets will be in accordance with chapter 41 and current DLA-OS Guidance relative to Special Projects, e.g., Letterkenny Army Depot Automatic returns. If the item manager determines that disposal may be appropriate, the disposal action will be reviewed and approved in accordance with disposal criteria.

d. Second copy of the F-280 will be used in Management Support Office (MSO) as a management tool and for control purposes.
