

APPENDIX E-400 P

TRACKING SIGNAL REPORT

1. PURPOSE

This procedure is applicable to chapter 54 and provides instructions for the manual review of the Tracking Signal Report (appendix F-183). This report will be produced quarterly and forwarded to the Management Support Office, Directorate of Supply Operations.

2. APPENDICES USED IN THIS PROCESS

Appendix F-183, Tracking Signal Report.

3. RESPONSIBLE ORGANIZATIONAL ELEMENT

Directorate of Supply Operations, Management Support Office.

4. PROCEDURES/INSTRUCTIONS

The Directorate of Supply Operations will analyze the Tracking Signal Report and evaluate the significance of the out of track situations. If the difference between the System Demand Forecast and the actual demands that occur in the forecast period appears to warrant corrective action, appropriate changes will be implemented based on this analysis. Refer to appendix E-070\*P, table 008, procedures for changing the Alpha Factor Table.

5. DISPOSITION

Destroy after report has served purpose.

6. FLOWCHART

Flowchart not required.
