GENERAL ORDERS
NO. 10

5 Jun 70

I. Effective this date, and for a period of 90 days, Mr. Anthony P. Roberts is designated as the DSA SAMMS Program Director, reporting directly to the Director, DSA. The duties and responsibilities of the DSA SAMMS Program Director are as follows:

A. Direct the accomplishment of actions required to bring the Standard Automated Materiel Management System (SAMMS) to the stature of a fully operational and effective system at DCSC and as an exportable system to other Defense Supply Centers.

B. Administer the SAMMS on a DSA-wide basis, with responsibility for the approval, development as required, and execution of plans, policies and programs governing the functional and data systems, programming and operational aspects of SAMMS.

C. Coordinate actions with cognizant HQ DSA staff elements, the Commander, DCSC, and other DSA field activities.

D. Act for the Director, DSA, in adjudicating differences regarding actions to be taken, priorities and utilization of resources.

E. Present periodic status briefings to the Director, DSA.

II. Cognizant HQ DSA staff elements and DSA field commanders will provide support on request of the DSA SAMMS Program Director. Administrative support will be provided by the Commander, DCSC.
