MEMORANDUM FOR COMMANDERS, PRIMARY LEVEL FIELD ACTIVITIES  
COMMANDER, TELEVISION-AUDIO SUPPORT ACTIVITY  
DIRECTOR, DLA SUPPORT SERVICES

SUBJECT: Government Wide Point of Entry for Federal Procurement Opportunities

The attached memorandum from the Director of Defense Procurement (DDP) (Attachment 1) announces that "Federal Business Opportunities," or FedBizOpps, has been designated **the** single, Government-wide point of entry for information on Government contracts valued over \$25,000. With some exceptions, all agencies are required to post qualifying notices, synopses, and solicitations on the FedBizOpps web site (<http://www.fedbizopps.gov/>) as of October 1, 2001. The DDP memorandum directs that, in order to meet the requirement and to provide sufficient time to test DoD's submissions and FedBizOpps' capabilities, Defense contracting activities should transition to posting synopses and notices on FedBizOpps no later than July 30, 2001.

As a practical matter, this means that, for everything you currently synopsize in the Commerce Business Daily (CBD), as well as for every other pre-solicitation notice you now prepare, you should begin as soon as possible to create your synopsis/notice in FedBizOpps, instead, and check the block to send the notice concurrently to the CBD. You must use the format attached to the DoD memorandum; please provide the name and phone number of a point of contact who will be responsible for obtaining passwords and log-ins for your organization. Also, please confirm which automated procurement systems you will use to interface with FedBizOpps. For solicitation documents, if you are now sending these to DoDBizOpps or to Procurement Gateway, please continue to do so; you need not switch to the federal site. Furthermore, if you are not currently posting these documents electronically anywhere – in Procurement Gateway, DoDBizOpps, or FedBizOpps – please begin to do so via Procurement Gateway. This system has the capability of feeding into and linking with FedBizOpps; therefore, you will fulfill the October mandate by making your contractual documentation (i.e., solicitations and notices of award) available through the DLA-specific site.

Should you have any questions or concerns, please contact either of the action officers: Mr. Robert Gee, who can be **reached** at (703) 767-1439 (DSN 427-1439), or via **email** addressed to [robert\\_gee@hq.dla.mil](mailto:robert_gee@hq.dla.mil), or Ms. Mary Massaro, (703) 767-1366 (DSN 427-1366), whose address is [mary\\_massaro@hq.dla.mil](mailto:mary_massaro@hq.dla.mil).

SUBJECT: Government Wide Point of Entry for Federal Procurement  
Opportunities

Section 850 of the National *Defense Authorization* Act for Fiscal Year 1998 (Public Law 105-85) requires, in part, that any notice of agency requirements or notice of a solicitation for contract opportunities be provided through a single, Government-wide point of entry. On August 21, 2000, a Federal Acquisition Regulation (FAR) proposed rule was published designating the Federal Business Opportunities (FedBizOpps) as the electronic government wide entry point for information on government contracts over \$25,000. With some exceptions, the proposed rule requires agencies to post all qualifying notices and provide access to solicitations on the FedBizOpps web site (<http://www.fedbizopps.gov/>) on and after October 1, 2001. A March 9, 2001 OMB memorandum re-affirms the necessity to move to a government wide entry point on that date. To meet the October 1, 2001 requirement and provide sufficient time for FedBizOpps to test DoD's synopsis and notice submissions and FedBizOpps' scalability, contracting activities should transition to FedBizOpps no later than July 30, 2001.

Attachments 1 and 2 respectively provide *guidance and the* content and format for the posting of synopses and notices with FedBizOpps (also available electronically at <http://www2.eps.gov/pilotGeneralInfo/Overview.html>). Attachment 3 provides guidance for solicitations. All unclassified DoD solicitations must be available to the public electronically by October 1, 2001. The interim rule contains some exceptions to posting synopses. However, I believe that the

DoD must use FedBizOpps to the maximum extent practicable. Therefore, unless I issue specific authority to a Department/Agency, no DoD actions other than classified contracts are exempt from the October 1, 2001 start date for solicitation availability. Please let me know as soon as possible if you have any contracting activities that cannot provide access to solicitations on FedBizOpps or DoDBusOpps using one of the methods described in Attachment 3.

Please designate a Department/Agency point of contact to obtain FedBizOpps login information and passwords from the General Services Administration. That person should be responsible for managing and distributing log-ins and passwords among your contracting activities. The General Services Administration point of contact is Mr. Wilbert Kelley who can be reached by phone at 202-208-2664 or by email at wilbert.kelley@gsa.gov.

The DoD Joint Electronic Commerce Program Office will act as DoD's interface with FedBizOpps and will provide technical assistance to your contracting activities if necessary. Please provide JECPO's DoDBusOpps Program Manager, Mr. Richard Clark (richard\_clark@hq.dla.mil), a complete list of the automated procurement systems used by your contracting activities to interface with CBDNet or FedBizOpps as soon as possible.

Deidre Lee  
Director, Defense Procurement

FedBizOpps Transition Guidance

Synopsis and notice posting requirements

1. Contracting activities that are not using FedBizOpps must obtain FedBizOpps logins and passwords from their Department/Agency login/password points of contact.

2. Contracting activities that currently enter synopsis and notice via the CBDNet website or that provide a paper input to the CBD, must begin submitting data to FedBizOpps as soon as possible and, through December 31, 2001 also forward a copy of each synopsis or notice to the CBD. Copies can be forwarded by selecting the appropriate option on the FedBizOpps web page.

3. Contracting activities that automatically transmit notice or synopsis data from an existing procurement system to CBDNet should continue to send data to CBDNet through December 31, 2001 and must begin sending that data to FedBizOpps by July 30, 2001.

4. Contracting activities that currently use FedBizOpps to post synopses and notices should continue to do so.

## FedBizOpps Transition Guidance

Synopsis and notice content and format**Presolicitation Notice Template**

The Presolicitation template is used for the publication of notices for proposed acquisitions. FAR, Section 5.2 requires the submission of this document prior to the publication of any further actions. FBO will reject any other documents that refer to a specific solicitation without previous publication of the Presolicitation Notice for that solicitation.

<b>Tag</b>	<b>Description</b>	<b>Format</b>
<PRESOL>		
<DATE>	Month and day synopsis is submitted. Insert four digits for this term, two digits for the month and two digits for the day.	MMDD
<YEAR>	Year synopsis is submitted. Insert two digits for the year	YY
<CBAC>	User ID for the Office, Agency, or Location. Assigned by FBO System Administrator	CBDNet users may use the same CBAC
<PASSWORD>	Password. Assigned by FBO System Administrator	CBDNet users may use the same password
<ZIP>	The Contracting Office's zip code	5 digits
<CLASSCOD>	Either one alphabetic code or a two-digit code for service or supply that the synopsis should be listed under.	Valid classification code (FAR, Section 5.207(g))
<OFFADD>	The complete address of the contracting office	Up to 250 characters
<SUBJECT>	the classification code, two hyphens, and a brief title description of the synopsis	Up to 250 characters

FedBizOpps Transition Guidance

Solicitation requirements

The Joint Electronic Commerce Program Office (JECPO) and the General Services Administration are currently developing the DoDBusOpps/FedBizOpps links that some DoD contracting activities might need to provide access to DoD solicitations through FedBizOpps.

1. Contracting activities that currently post solicitations to FedBizOpps should continue to do so.

2. Contracting activities that currently post solicitations with, or provide access to solicitations through, DoDBizOpps may continue to do so but are encouraged to provide access to solicitations through FedBizOpps as soon as possible.

3. Contracting activities that have an electronic data transmission capability but are not currently providing access to solicitations through DoDBusOpps or FedBizOpps must begin providing access to solicitations through FedBizOpps as soon as possible but not later than October 1, 2001.

4. Contracting activities that do not have an electronic data transmission capability may use the Internet to forward solicitations to FedBizOpps as text (e.g. .doc, .txt, etc) or portable document format (pdf) files.
