MEMORANDUM FOR: SUPPLY PRC MEMBERS

SUBJECT: Approved DLMS Change 48B, Addendum for Revision to DLMS Supplement (DS) 940R, Material Release Order (Supply/MILSTRIP)

This addendum provides a revision to the DoD 4000.25-M, Defense Logistics Management System (DLMS), modifying the DLMS Supplement (DS) 940R, Material Release Order. This change is to be incorporated with Approved DLMS Change 48/48A during implementation. This change is required to support continued logistics operation in a DLMS/DLSS environment.

The DLMS Supplement will be posted to the DLMSO web site (<http://www.dla.mil/j-6/dlms0/ICs/Default.htm>) immediately upon coordination/approval of the governing Federal implementation conventions (ICs) from the DoD Logistics Functional Working Group (LFWG), the DoD Electronic Data Interchange Standards Management Committee (EDISMC), and the Federal EDI Standards Management Coordinating Committee (FESMCC). Additionally, the revised DS will be provided for implementation planning on the above web site pending Federal approval.

Addressees may direct questions to the DLMSO points of contact, Ms. Ellen Hilert, Co-Chair, Supply Process Review Committee, 703-767-0676, DSN 427-0676, or email: ellen_hilert@hq.dla.mil or Ms. Vermella Saváge, DoD MILSTRIP System Administrator, 703-767-0674, DSN 427-0674, or e-mail: vermella_savage@hq.dla.mil. Others must contact their Service or Agency designated representative.

JAMES A. JOHNSON

Approved Change 48B
Addendum for Revision to DS 940R, Material Release Order

1. ORIGINATOR: Supply Process Review Committee, Ellen Hilert, Co-Chair, DLA J673, Defense Logistics Management Standards Office (DLMSO), 703-767-0676 (DSN 427), ellen_hilert@hq.dla.mil

2. FUNCTIONAL AREA: Supply

3. REFERENCE:

a. DLMSO memorandum, Approved DLMS Change 48, Revisions to DLMS Supplements: Material Release Order and Material Release Advice (Supply/MILSTRIP), December 12, 2001

b. DLMSO memorandum, Approved DLMS Change 48A, Revisions to DLMS Supplements: Material Release Order and Material Release Advice (Supply/MILSTRIP), February 26, 2002

4. REQUESTED CHANGE:

a. Title: Addendum for Revision to DS 940R, Material Release Order

b. Description of Change: This change modifies the DS 940R, Material Release to add an additional code required to support DLMS/DLSS conversion.

c. Procedures: Revise DS for 940R, Material Release as follows:

#	Location	Revision	Federal IC
1	1/N101/0400	<p><u>Add new qualifier and associated note:</u></p> <p>GP Gateway Provider</p> <p>DLMS Note: Future streamlined data needed for transition period to support transaction conversion in a mixed DLSS/DLMS environment. Use to identify DAASC as originator during conversion when the DLSS transaction does not contain a "From" organization.</p>	Add new code. Does not require Federal IC change prior to DS update

d. Alternatives: None identified.

5. REASON FOR CHANGE: This change supports DLMS implementation and desired functionality. The DLSS transactions AFX/AFZ, Disposal Shipment Confirmation Followup, does not identify the originating activity when prepared by the Defense Reutilization and Marketing Service (DRMS). Since all DLMS transactions require that the N101 segment identify a from and to address it is necessary to use DAAS as the originator for DLMS transactions resulting from conversion of the equivalent DLSS.

6. ADVANTAGES AND DISADVANTAGES:

- a. **Advantages:** Supports DLMS implementation
- b. **Disadvantages:** None identified

7. IMPACT:

a. **Publications.** Federal Implementation Conventions 940R and corresponding DoD 4000.25-M DLMS Supplement. The DS revision does not require prior change to the Federal Implementation Convention (IC). All applicable revisions will submitted to the Federal IC.

b. DAAS DLMS/DLSS conversion map has been modified to incorporate above revision.
